perature tonight and Sunday
possibly changing to rain in
south portion Sunday.

VOLUME XVIII

THE CLEARFIELD PROGRESS, CLEARFIELD, PA., SATURDAY EVENING, FEBRUARY 23, 1924.

NUMBER

REPUBLICAN HOUSE IS DIVIDED AGAINST SEN. DAUGHERTY

Just How Far Split Will
Go Depends On Devel-
opments In the Teapot
Dome Inquiry.

IS A BAD SITUATION

By GEORGE R. HOLMES
(I. N. S. Staff Correspondent.)

Washington, Feb. 23.—The vigor-
ous defense put up by Attorney Gen-
eral Harry M. Daugherty and his
advisers, in the face of a split in the
Republican party, has not yet deter-
mined, but which is certain to
make itself felt in the approaching
campaign.

On one side of the split is the in-
fluential Republican group, who
are strong in the Senate. On the
other side are the friends of the
attorney general and officers of the
Republican national committee who
believe that for Daugherty to quit at
this time, before the charges against
him are proven, would be a tact ad-
mission of the truth of those charges,
and constitute a political blunder of
the worst sort.

While Senator Lodge, Senator Pe-
pper, Senator Borah and others, whose
word carries great weight with the
administration have urged President
Coolidge to speak the word necessary
to Daugherty's removal, John T. Ad-
ams, chairman of the Republican na-
tional committee, in a remarkable
statement said:

"This is not the time to yield to the
threats of those who are conducting
this campaign of political terrorism
or to the demands of those who are
frustrated by such methods."

This thinly veiled rebuke of those
Republican senators who journeyed to
the White House to demand the resig-
nation of the attorney general had
the effect today of checkmating in
part at least the Republican move-
ment to oust Daugherty.

Meanwhile, the attorney general's
advisers declared that his resig-
nation would take his case to the coun-
try. The Senate compels his resig-
nation was no idle one. They pre-
dicted that he demands he will pro-
ceed promptly to the task of rattling
Republican skeletons by the whole-
sale.

Measles Getting Jump In The Health League; 'Whoopers' Are Second

NINE cases of measles, two of scar-
let fever and two whooping cough de-
veloped among the children of Clear-
field and were reported to the Board
of Health during the past seven days,
according to Secretary Gaulin's weekly
health report. During the same
period the quarantine was lifted in
the case of measles, four whooping
cough, and two of chicken pox.

There is at present a total of 30
cases of communicable disease under
quarantine in the town and they are
located as follows:

First Ward: Diphtheria 1.
Second Ward: Scarlet fever 1;
whooping cough 3.
Third Ward: Measles 12, scarlet
fever 3, whooping cough 4, diphtheria
1.

Fourth Ward: Whooping cough 1.
Miss Dorothy Barr and Twila
Shanklin of DuBois are visiting
at Misses Stuby and attended the
Clarified Punxsutawney game.

MR. ADVERTISER

Give a thought to your Dollar Day
early Monday morning. Get it
out of the road before the rush.

THURSDAY at 5 p. m. is absolute
book for receiving of Dollar Day
at The Progress office.

Give us your copy by 5 o'clock
Tuesday and you get a snappy look-
ing set up in Wednesday and Thurs-
day's Dollar Day editions. It will be
impossible for us to accept new copy
on Thursday's edition or change the
ad.

Come later than 5 o'clock Tuesday
and we cannot handle your ad.
Thank.

Worrying

Notice the lines of deep worry on
the features of Harry M. Daugherty,
attorney general, who returned to New
York from Europe. The Senate
Committee investigating naval oil
leakage called him to testify once
more. Photographed on shipboard.

SIGNS POINT TO TRUCE BETWEEN TAX REDUCTION AND BONUS MEN

Washington, Feb. 23. (INS.)—
Alarmed over the possibility of strip-
ping the treasury if taxes are reduced
too much, congressional advocates of
a soldiers' bonus today struggled to
join the two measures in a common
interest.

Out of this condition of uncertainty
Republican leader Longworth and other
regular Republicans hope for com-
promise between the regulars and a
sufficient number of insurgents to in-
sure acceptance of a modified Mellon
tax plan. This would permit passage
of a Republican reduction bill.

Rep. La Guardia, insurgent Republi-
can, New York, took the first step to
the movement for a compromise along
new lines. He wrote Secretary Mel-
lon asking for treasury estimates on
yields from 2 and 5 per cent normal
taxes and a 40 per cent maximum sur-
tax. The compromise suggested by
Longworth was 2 and 6 per cent nor-
mal and 37 sur tax maximum. La
Guardia and the other insurgents voted
for the Garner plan of 2 and 4 per
cent normal and 44 per cent sur tax
maximum.

The secretary was asked to state
the exact needs of the treasury and

TROUBLE BREWING BETWEEN RUSSIA AND THE JAPANESE

Shanghai, Feb. 23. (INS.)—Re-
ports to Japanese sources here today
declared that the Russian Soviet au-
thorities have ordered all Japanese
merchants in Vladivostok to dispose
of their goods within three days. Con-
fiscation will follow failure to obey
the order, the report stated. There
are 60 Japanese merchants in Vlad-
vostok. Japan is reported from To-
kyo to be arranging drastic measures
if the Soviet order is carried out.

Moscow, Feb. 23. (INS.)—A tense
situation has developed between Rus-
sia and Japan over the accusation by
the Soviet government that the Japa-
nese tried to take commercial advan-
tage of the concessions made by Rus-
sia for Japanese earthquake relief, it
was learned today.

Russians have ceased all relief
work in Japan. Immediately after
the Japanese quake and fire Russia
sent several ships from Vladivostok
loaded with food. Russian relief
workers were then stationed in Japan
to conduct organized relief.

NEW SENSATIONS AGAIN PROMISED BY COMMITTEE

Washington, Feb. 23.—C. Bascom
Slemp, secretary to President Coolidge,
was requested today to appear
before the senatorial oil investigating
committee at 10 o'clock next Monday
morning.

By KENNETH CLARK
(I. N. S. Staff Correspondent.)

Washington, Feb. 23.—New sensa-
tions developed in the naval oil leak-
ing scandal today and more were
promised within 48 hours.

Under the leadership of Senator
Walsh, Democrat of Montana, who
has just returned from an out of town
trip, the committee plunged into new
reports and leads in the investigation
with the scope ever widening and
snaring additional men high in public
life.

The latest information before the
committee today was that the name
of another cabinet officer in addition
to Attorney General Daugherty had
been reported on books of broker.

MUSIC TO HAVE A PROMINENT PART IN THE SELECTION OF A CANDIDATE AT DEMOCRATIC NATIONAL CONVENTION

New York, Feb. 23. (INS.)—New
York City will be the gathering place
of more bands next June than ever in
the city's history. The occasion will
be the Democratic national conven-
tion.

"It will not be a musical festival,"
George F. Mara, in charge of ar-
rangements for the convention, ex-
plained today, "but there will be mu-
sic. Every candidate will have a band
directed to make each particular pros-
pect's own campaign tune the most
popular."

In addition, Mara said, the conven-
tion will support two official bands.
Gov. Al Smith's boosters are al-
ready practicing upon "The Sidewalks
of New York," while William G. Mc-
Adoo's adherents are confident "Mc-
Adoo-Doodle-Do" will be the official
convention tune. Oscar Underwood's
followers look for "The Midnight
Choo-Choo From Alabama" to bring
down the house.

It was not expected, however, that
William Jennings Bryan's band would
attempt "How Dry I Am."

Settling Contested Senate Seat

Ballot counting has started in the contested senatorial elections in
Texas wherein George I. Pettit claims he won over Senator Al Field,
W. E. Robertson of Dallas, supervisor for Pettit; Colonel E. P. Thayer
of Indianapolis, general superintendent of counting; and Bob Mason of
Fort Worth, Tex., supervisor for Mayfield.

Brand New

eral Smedley Butler, new safety
director. They are pretty, eh?

WRIGHT MAKES PREDICTIONS ON COST OF RUNNING HIS DEPARTMENT

Harrisburg, Feb. 23.—Undertaking
not only a construction program
greater than was ever attempted by
an American state, but a program of
maintenance and replacement propor-
tionate in magnitude, the Pennsylvania
Department of Highways antici-
pates it will have a larger number of
people on the payroll during 1924
than during 1923, Secretary Paul D.
Wright said today.

"But," he said, "it is possible the
cost will not be higher than the de-
partment's payroll total for the year
1923. The total payroll for 1923,
eliminating the automobile division—
which has nothing to do with con-
struction and maintenance, was the
smallest since 1919."

The figures for five years, omitting
the automobile division payroll, are as
follows:

1919	\$ 973,625.16
1920	1,632,711.46
1921	1,821,142.45
1922	1,612,641.91
1923	1,580,274.72

From these figures it will be seen
the Highway Department payroll for
1923 was less than for any year since
1919.

"I omit the automobile division,"
continued Mr. Wright, "because that
is entirely separate from the organ-
ization which supervises road con-
struction, road maintenance and re-
placements. The business of that di-
vision has grown by leaps and
bounds."

Mr. Wright gave the following fig-
ures which he said would show not
only the development of the automo-
bile division, but of the increase in
automobile ownership in Pennsylvan-
ia:

Year	Payroll	Regis- trations	Work- ers
1919	\$ 94,765.64	865,507	124
1920	219,975.58	1,135,809	244
1921	230,346.72	1,297,136	215
1922	235,054.32	1,577,923	219
1923	367,268.35	3,086,501	225

Including title registrations.

"During 1924," Mr. Wright said,
"the Highway Department hopes to
build 900 miles of durable thorough-
fare. Its maintenance program is
greater than ever before. Roads are
to be widened, grades reduced, much
new guard rail placed. A more exten-
sive dilling program is contemplated,
and more attention is to be paid the
earth roads remaining on the state
highway system. In every line of en-
deavor it is our idea to surpass the
efforts of previous years. That we
have set ourselves no easy task is evi-
denced by figures showing construc-
tion and maintenance mileage for the
last few years."

(Continued on Page Three.)

Would Allow Pres. And Congressmen To Take Offices 2 Months Earlier

Washington, Feb. 23. (INS.)—The
Senate judiciary committee this af-
ternoon recommended passage of a
constitutional amendment changing
the date of presidential inaugurations
and the convening of congresses.

Under its provisions, the President
and Vice President would take office
on the third Monday in January for-
lowing their election, while senators
and representatives would begin their
terms two weeks earlier. This plan
would give the new congress time to
organize before the new President
took office.

In the Courts

The Hunyak, Porlaski and Urlick
families of Hawk Run are now of the
impression that the law is an expen-
sive thing to monkey with. Mrs.
Hunyak had Mr. and Mrs. Joe Por-
laski indicted 41 times for assault
and battery while Mr. Porlaski had
Mrs. Hunyak and her husband haled
before the court a couple of times on
a similar charge.

The eight cases were tried togeth-
er in criminal court yesterday and the
jury very properly found that while
both sides were assaulted and more
or less battered a time or two in the
free for all between the three fam-
ilies engaged, each participant was
deserving of all he or she got, and
maybe some more, and accordingly
returned a verdict of not guilty, di-
recting that the prosecutor should
pay the costs in each case.

The attorneys engaged were Walte-
r Welch for the Hunyaks and A. H.
Woodward for the Porlaskis.

Wesley Hoover, of Clearfield, whose
car ran into and smashed the automo-
bile of William Slay at Altoport, has
been tried for violating the motor
law at a night session of court last
night and found guilty of the charge.
Judge Chase sentenced him to pay
\$15 fine and the costs, amounting to
\$116.

A DuBois man named Sullivan en-
tered a plea of guilty to a violation of
the motor law, as the result of a mix-
up in which he figured on the state
road in Draucker's woods some time
ago and was sentenced by Judge
Chase to pay a fine of \$200 and cost,
and spend ten days in jail.

The case of Beatty Pearson, the
traveling salesman, with headquar-
ters at DuBois, whose car was wrecked
on the state road just outside of
DuBois on the morning of Jan. 1,
1924, was placed on trial this morn-
ing before Judge Chase on the charge
of violating the motor law.

A DuBois young man named Rus-
sell, who was with Pearson, was ser-
iously injured by being thrown thru
the windshield when the car collided
with a tree along the road. The pro-
secution contends that Pearson was
intoxicated when the accident happen-
ed and he is charged with operating
his car in this condition.

District Attorney Arnold and W. C.
Potts are prosecuting Pearson, while
Singleton Bell, Esq., is defending him.
When the jury was sworn in the
Pearson case the remaining jurors
were excused, this being the last case
for the week. The jurors were all
notified to return for next week's
court, at which court the Sorbo and
Nichols murder cases will be tried.

Trolley Car Plunges Into Pedestrians; One Man Killed, Many Hurt

Stamford, Conn., Feb. 23. (INS.)—
One man was killed several probably
injured here today when a crowded
one-man trolley car jumped the track
and plunged into a crowd of persons
hurrying to work along the sidewalk.
Not a passenger on the car was hurt.

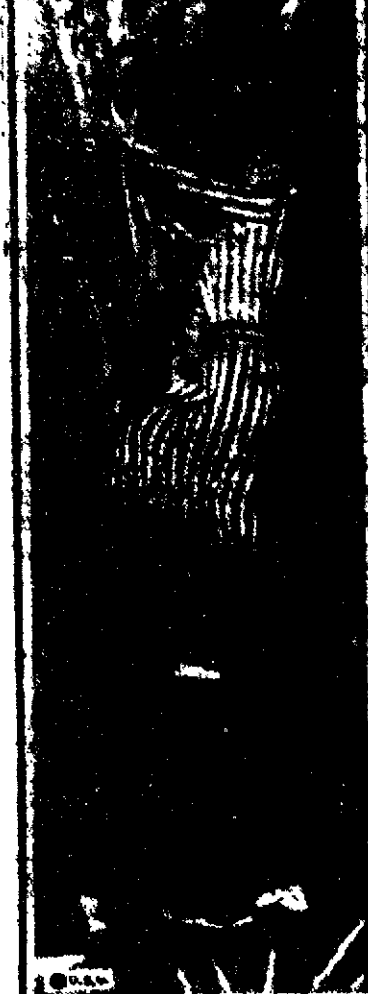

The trolley car, carrying shop
hands to the Yale and Towne plant,
apparently after a spur switch, slid
across an ice-filled road and plunged
across the sidewalk into a vacant lot
howling pedestrians right and left.

When the accident occurred streams
of people were pouring toward the
plant, and a line of trolleys and mo-
tor vehicles cleared along.

Screams of the injured rose and ve-
hicles were stopped and were (re-
sponding) to the scene.

Every available physician was cal-
led and established emergency hos-
pitals about the scene.

dition.

When THE CAT'S
AWAY THE MICE
WILL PLAY

(INS.)—With Gen. Smedley
Butler, chatting in Chattanooga
"Mice" of the criminal world
played today in the absence of
the "cat." An idea of the game
with which they amuse them-
selves can be gleaned from the
following news on the first
page of a representative after-
noon newspaper:

"A Kensington grocer is shot
by bandits; bandits gag watch-
man; bandit suspects in motor
caught; robbed by motor band-
its; rob man on own doorstep;
bandits rob hospital orderly of
\$23. And others.

The loot, according to a pub-
lic estimate amounted to near-
ly \$1500.

The wave of banditry occur-

ordered by George Elliott, Gen.
Butler's assistant director of
Public Safety.

REVENGE IS SWEET; C. H. S. WALLOPS
PUNXSUTAWYTES IN BASKETBALL TO GET
EVEN WITH THEIR OLD GROUNDHOG

Incidentally, The Victory Punks
The Dimmers On Punxsutawney's
Hoops To Get A Trip Down
To Groove City.

C. H. S. IN PENNANT RACE

Revenge is sweet and the fact this
most of the year's work is done in
the knowledge that we had squared
accounts, in part at least, with first
class, low-living Punxsutawney
groundhog for the terrible weather he
has been inflicting on us, by soundly
trouncing the team of "Punxsutaw-
ney" in the game of basketball. High
school at the High School gym last
evening.

When they came to town the Punxs-
utawney boys were quickly sitting
astride the top rung of the Schola
League ladder, with visions of Gro-
ve City in their eyes. Taint so now, but
our boys had "some time" before
they came out on top, and were (re-
sponding) to the scene.

Every available physician was cal-
led and established emergency hos-
pitals about the scene.

CATTLE OWNERS THIS LOCALITY ARE SLOW IN ACTING

Lawrence Township
Clearfield Owners Are
Behind Other Parts of
County In T. B. Test

SIGN UP AT ONCE

It is surprising indeed that the
cattle owners of this particular lo-
cality are not responding to the call
being made in their behalf by County
Agent Stewart to wup and tubercu-
losis in the herds in and about
Clearfield there are owners of about
forty herds and only a few of them
have signed the consent blank that
asked them to sign, or which was
had by a call at the Farm Bureau
office.

The Clearfield County Commis-
sioners have made an appropriate
to carry on this work, which act
in line with the modern practice in
parts of the state and the State
Department of Agriculture overseas
work and furnish the material
with which the testing is done.

County Agent Stewart has been
hard at work on this proposition
several months and for the last
month has been working night and
day to put this progressive idea
into practice in Clearfield county. In
doing he is only following the lead
of other counties which have had the
herd tested one hundred per cent
Jefferson County, for instance, is
wholly free from tuberculosis in its
herds and as a result the cattle of
that county will find a ready sale
in place in the country.

Dairymen and farmers in the
Bois region were quick to take
advantage of this offer to have
their herds tested at state and county
expense and we find on looking at
the lists today that Brady township
farmers have signed up to the extent
of 98 per cent. Sandy is only a few
points behind and Greenwood a
few points behind. Lawrence Township
and Clearfield are a long way
behind.

Boys township owners have not
almost to a man to get in line for
test. The time is coming when
and dairy products will not be bought
from the farmer who cannot show
a certificate of healthy cattle and the
procedure offers an opportunity
every herd owner to get in line
for the future.

If you have a cow or a herd of
cattle, get in touch with the Farm
Bureau at once and sign the con-
sent blank. It is your opportunity
to get a health certificate for your herd.

MINERS HALL BURNED

Fire, believed to have originated
from a defective heater, resulted in
the miners' hall at Clearfield being
burned to the ground Tuesday morn-
ing about 6 o'clock. The hall was
a two-story frame building located in
the central part of Clearfield. A
room and tobacco shop were in the
first floor and lodge headquarters
on the second floor. The estimated
loss is \$4,000.

ODDS AND ENDS AND THINGS

By J. D. C.

Women are paying the penalty for their alleged equality of the sexes. One Clearfield county juror at this week's criminal court refused to "take the woman's word for it" in cases where certain sex crimes were charged. Heretofore the woman's word was very generally accepted, right or wrong, and mere man had little chance against their unsupported word. Is the world getting better or does the average juror know women better now than our daddies did? We wonder.

Three Democrats already want to represent the Twenty-third Congressional District at the Democratic national convention at New York City on June 24th. They are Editor John F. Short, of Clearfield; Hon. Robert M. Foster, of State College, Centre county, and ex-Postmaster James G. Post, of Bradford, McKean county.

There are also three candidates who desire to represent the Republicans of the district at the Cleveland convention on June 10th. They are Ella S. Mowatt, of Junesville, Clearfield county; James A. Connelly, of Ludlow, McKean county, and Earl G. Jones, of DeBoa.

Strange how many of us consider Friday an unlucky day. For Friday has been unaccountably lucky in the history of America. It was on Friday that Christopher Columbus sailed westward into the unknown on his voyage of discovery. He discovered America on Friday and returned safely to Europe on Friday.

St. Augustine, our oldest city, was founded on Friday.

The Pilgrims, aboard the Mayflower, sailed into Province Town harbor on Friday. It was Friday when they made their final landing on Plymouth Rock.

George Washington, father of our country, was born Friday.

Other famous events that happened on Friday. Bunker Hill was seized and fortified. The surrender of San Juan took place, powerful in inducing France to throw her strength to

the Colonists fighting for American independence. Benedict Arnold's treason was discovered.

Surrender at Yorktown, decisive in the war for independence, took place on Friday.

And it was on Friday that the Declaration of Independence was moved in Congress by John Adams.

And still there are many who consider it unsafe to start on a journey or embark on a new venture on Friday. The superstition that Friday is unlucky probably is of religious origin, in connection with the Crucifixion, according to historians. It has persisted through so many centuries that it still survives despite its being disproved thousands of times.

Superstition outlives granite.

Some of Pennsylvania's leading Democrats, erstwhile strong McAdoo boosters, appear to be getting cold feet over the chances of the so-called "Crown Prince." Oil has been used to settle troubled waves, but not political waves.

A revolutionary soldier named Schneider, buried in the old McClure cemetery in Pike township, is said to have been one of the personages mentioned by Victor Hugo in his "Les Misérables."

ROTARY ANNS EXPECT A GREAT TIME

Following the announcement that March 13th, will be ladies night at the Rotary Club and that Royce Hyde, Albert Bigler and Guernsey Smith are the committee in charge of big time the Rotary Anns had their hopes buoyed up that the local Rotary Club was really going to have another ladies night. Although several ladies nights have been planned there have been a number of obstacles put in the way to prevent them being held.

Now, however, the list is clear and nothing will stop it and a fine time is guaranteed.

Think of Douglas Fairbanks, Rudolph Valentino and Charles Chaplin heading such a program. We're not going to say which is which, or who is who but will go far enough to say that the personnel of the committee guarantees a big turn out of Rotary Anns.

Mrs. C. H. Oberdick of York, who has been visiting her sister, was called home on account of the serious illness of Mr. Oberdick's mother.

Sign Points To

(Continued from Page One)

whether the compromise rates suggested, together with increased inheritance taxes and a gift tax which the insurgents and Democrats expect to write into the bill would bring in sufficient revenues to meet the treasury needs and leave sufficient money to pay a soldiers' bonus as contemplated.

Leaders in the drive for a soldiers' bonus are urging House leaders to push the bonus legislation and let it follow close after the tax reduction bill.

FRESHMAN GIRLS' ENTERTAIN

The Freshman Girls Club gave a

most enjoyable get-together dinner at Jordan's on Wednesday evening, seventeen members attending. The room was beautifully decorated with Washington Birthday decorations.

The guests of honor were Misses Mary Catherine and Regina Malloy, who helped to entertain the club with ukelala music and songs. Pauline Fleck gave a most interesting club prophecy. Miss Sylvia Breth, who is the club chaperon, gave the girls a delightful talk which was both instructive and constructive on "The Future of our Club."

Rebecca Carey filled her place as toastmistress in a very graceful manner.

REMARKABLE RECOVERY OF MRS. SPINK

Gives Lydia E. Pinkham's Vegetable Compound Full Credit

Minn. June, Wis.—"I was under treatment, but nothing seemed to help me, and I was run-down and so weak that I had to remain in bed much of the time and was like an invalid. I had pains in my abdomen and in the female organs, and my stomach bothered me. My husband saw Lydia E. Pinkham's Vegetable Compound advertised, thought it must be good, and brought it home to me and advised me to try it. After taking one bottle I was able to eat, and after six bottles I was doing my own work, which I hadn't been able to do for years. I have a new baby who is doing nicely, and I am still taking the Vegetable Compound and feeling better than I have for four years. The medicine is surely wonderful and a good thing to have in the house."—Mrs. GEORGE SPINK, Minnesota Junction, Wisconsin.

A country-wide canvass of purchasers of Lydia E. Pinkham's Vegetable Compound reports 98 per cent. benefited. For sale by druggists everywhere.

H. & C. "HELLO GIRLS" DINE JUNIOR HOSPITAL

TEA A SUCCESS

The H. & C. telephone operators and linemen drove to McPherson's camp last evening where they had a delightful sled ride and thoroughly enjoyable time all around. Miss Mary J. Cooper acted as chaperon.

The tea given yesterday by the Junior Hospital Auxiliary at the home of Mrs. J. L. Irwin proved to be a success in every way. The refreshments were excellent and very daintily served. The decorations in the dining room were yellow spring flowers

while the favors carried out the Washington Birthday idea. They enrolled sixty-five new members. With very little effort they could have doubled their membership. Last April the auxiliary pledged fifteen hundred dollars to the hospital elevator fund and they have already paid twelve hundred dollars of that sum.

Remarkable Island. One of the most remarkable islands in the world is Patmos, where St. John wrote the Book of Revelation. It was always the destination of thousands of pilgrims, and in the old days the rich man who wished to expiate his sins usually did so by building a church. The result is that this tiny island contains the ruins of no fewer than 300 churches.

Rickenbacker

You Can Tell

A Rickenbacker — By The Space Behind It

That was a happy thought—putting on every Rickenbacker car as standard equipment—with all the other things that leave the owner "Nothing Else to Buy"—a drum tire-cover with lettered warning, "4-Wheel Brakes!"

That notice which says, in effect, "the car ahead can stop in Nothing Flat" gives the Rickenbacker owner Right of Way at all times.

If you could look down from an aeroplane upon the moving throng of automobiles during the rush hour—five to six p. m.—you could pick out every Rickenbacker Six easily.

You could do that even if you were so high you could not distinguish its graceful lines.

For, behind each Rickenbacker you would see a generous space.

Driver behind sees the warning—"4-Wheel Brakes"—and he respects it.

It is amusing, by the way, for the Rickenbacker owner to watch thru his Rear Vision Mirror and note the actions of the car behind.

If perchance it comes in from a side street, and as so many foolish drivers do, approaches to within four feet of the car in front of him in dense traffic, before he catches sight of the "4-Wheel Brakes":

You will see him suddenly back off—and stay at a respectful distance.

Often you will see his wife indicating, with lips clearly saying, "Look out, that's a Rickenbacker Six in front—I hope we may have one soon."

Rickenbacker drivers enjoy an immunity from the dread of being bumped from the rear even as they are absolutely safe from front-end collisions.

No other car can stop as quickly as a Rickenbacker Six—that has been proven in the most conclusive tests; no 2-Brake car can stop half as quickly.

It's the front-end accident that you are responsible for. Your Rickenbacker 4-Wheel Brakes take care of that.

And that Warning which every Rickenbacker owner carries on his spare tire always guarantees more space than he needs between him and the next car behind.

Owners of previous Rickenbacker models which had only two brakes—tell many amusing stories about the wide berth other cars give them also. They Own the Road if you believe all they say.

That's because the very name Rickenbacker and the term "4-Wheel Brakes" are synonymous in the minds of motorists.

For all authorities know that Rickenbacker not only pioneered in this greatest improvement since the Self-Starter, but that Rickenbacker still has the best 4-Wheel Brakes—the most perfectly equalized and the simplest to adjust—in the whole world.

"Some Day—You'll Own a Rickenbacker Too."

GOOD BUSINESS

When a few manufacturing concerns employed "safety men" a number of years ago they were looked upon as foolish and extravagant. Today the safety man is to be found in most big plants, and he has changed from a "decoration" to one of the most valuable department heads on the payroll.

One concern reports that accidents have been reduced 95 per cent in all its plants since the inauguration of safety work in 1906. Another concern states that it is saving about \$140 a year for every employe by means of its safety appliances.

It is the safety man's business to find out where danger lurks, how it can be removed by safety devices and by altering working conditions; then it is his business to see that the needed changes are effected.

The alert traffic officer is a safety manager, and so is the householder who looks to the prevention of accidents in the home.

The humanitarian aspect of the elimination of avoidable accidents is plain to everybody. When in addition such activity is found to be "good business" the work should receive new impetus.

LLOYD GEORGE ON PROHIBITION

Lloyd George, supporting a bill in the British Parliament for local option elections in Wales every three years, takes occasion to say that the British people are now spending \$1,750,000,000 a year too much for liquor.

He adds that prohibition is necessary for Britain if it hopes to compete with America, and that the people of this country are well satisfied with their experiment, despite its minor failures, that they would not return to old conditions.

This is perhaps the best word that American prohibition has had abroad. Disinterested observation suggests that Lloyd George is right.

The American drink bill was said, in the old days, to be about \$2,000,000,000 a year. Even with all the bootlegging, it is certainly less than half that much now. There is a huge direct saving, which goes into national prosperity. There is a greater indirect benefit, resulting from the increased efficiency and thrift of sober people, which the public is only beginning to appreciate.

A time may come when no nation can hope to compete with its rivals unless it is sober.

ARE THEY CRIMINALS?

Much is made of the disclosures that certain men in public life have bought and sold stocks, particularly oil stocks. If the buying and selling of oil stocks or other securities is incriminating, then we have a lot of criminals right here in Clearfield.

If it can be shown that men in public life bought and sold stock on a basis of knowledge gained by their own official acts while in said stocks, it would most certainly be plain that they were profiting through a misuse of their powers and influences. This has not yet been shown.

A lot of the sensations promised have up to this time been mere promises. The Senate committee may in time find a peg on which to hang its promises. Meanwhile the country earnestly wishes the Senate would get down to its own business and let the President and his legal counsel take care of the alleged oil scandal.

Progress Editorials for Women

KNOWING YOUR OWN

By FLORENCE DAVIES

If you had a seat in the English parliament could you imagine wishing you were back in Stokes Pogia, or Manchester, running a shop or attending to your law practice?

It seems hardly possible. Yet here is the story of a United States Senator who says he'd rather be back in Big Rapids, Michigan than in Washington, D. C. The traveler who has seen Washington must wonder what the town of Big Rapids can be like that it looks more inviting to Woodbridge N. Ferris, United States Senator from Michigan, than all the prestige attached to a seat in the United States Senate. But such, Mr. Ferris says, is the case. He'd rather be back home.

This United States Senatoring isn't what it's cracked up to be.

It takes them too long to get things done, and that gets on the Senator's nerves.

Back in Big Rapids, Mr. Ferris is at the head of a big school where boys and girls, yes, and men and women, are given a chance to make something of their lives. And that evidently looks better to Mr. Ferris than having the right to preside a cabinet officer out to dinner.

The trouble seems to be that Mr. Ferris thinks the Senate wastes too much valuable time, that they are preoccupied with politics. Instead of straight law making and considering the good of the people. But perhaps it is more than that. Perhaps the real fact of the matter is that he misses the Ferris Institute, because that is his job, the work that he has made very much his own and by which he has served thousands.

It is a great thing for a man or woman to know his own job when he finds it. Being a United States senator is a much showier job than running a school in Big Rapids. But to Mr. Ferris, running a school in Big Rapids is a good deal more real, because it's the thing he stands for, the thing that is peculiarly his own. It may not mean more to the man who reads about it in Winnipeg or London or Shanghai, but it evidently means more to Mr. Ferris and the Big Rapids students. That's why the

Invert Sugar.

The sugar of fruit is usually an invert mixture of dextrose and levulose and is called invert sugar. It is an easily digestible and forms granular masses in dried fruit. It consists of three parts of levulose and three parts of hydrated dextrose, some of which arises by its inversion during ripening.

Senator misses his school and gets impatient of senatorial dallying.

And Senator Ferris isn't the first man who has discovered that big jobs and big honors may be more empty when you get them than little jobs and home-town honors when they are yours.

Just teaching a Sunday school class or being the head of the Ladies Aid society in your home town may not be much of a job, not half as big a thing to do, for instance, as being the national club president or a singer on the concert stage. But if it's your work and you are needed in it and doing it well, it may be a much bigger thing in the end, than that showy job on the other side of the country where bigness is mostly a matter of empty reputation and newspaper recognition.

New York, Feb. 23. (INS.)—The stock market closed firm today, the net generally moving into higher ground during an inactive session. The gains scored were in most cases only fractional.

Steel common rose $\frac{1}{2}$ to 104 $\frac{1}{2}$ but the other steel shares were almost unchanged. Baldwin rose 1 point to 123 and General Electric 2 points to 207 $\frac{1}{2}$. Southern Ry. rose over 1 point to 49 $\frac{1}{2}$, a new high record. Norfolk and Western improved 1 $\frac{1}{2}$ to 108 but the other rails showed only fractional change. Houston Oil and Marland

Cheerfulness an Obligation.
Cheerfulness should not be a matter of mood. It is an obligation which we owe to those about us. And gloom, being an infectious disease, cannot be quarantined too strictly.

Oil featured the ad group with gains of over 1 point.
Government bonds unchanged; rail way and electric bonds steady.

Longmont.
Pace a very pleasant surprise as it is observed that a break up in the market will return and not always after many days.

Curwensville's Own Column

The American Legion has secured for the entertainment of Curwensville people for one night only, Royal Wagon Singers, who will give one of their famous concerts on the evening of March 7th.

Mrs. Elizabeth Barbal, an Italian lady died at her residence on Gramplan road on the morning of the 9th, of pneumonia and several other complications. She is survived by two daughters and one son.

Chas. Conrad, drawman and Miss Jean Morris, youngest daughter of the late James Morris, were united in wedlock on the 19th.

Scott Daugherty visited with his parents on dothens a few days the latter part of the week.

Mrs. Wm. Bell was operated on last week at a Philadelphia hospital for the removal of a tumor, passed through the ordeal successfully and will be brought back home shortly.

Unusual entertainment was held in Red Men's rooms last evening, termed a "Warrior's Ball". It was all of that the refreshment which looked after by a succession of ladies and members of the P. O. S. E. S.

Mrs. Betty Murray remembered a few of her lady friends by entertaining them in a Washington party at her home, 1400 of old Patton block last evening.

According to schedule the graduation class of the Payton Graded School will consist of a class numbering 35 persons, 15 females and 20 males. Beginning with the date of March 1st an oration each day will be followed by a number of the class until the venue of the 1st is exhausted.

As yet the P. R. E. has made no outside toward putting up some sort of a safety device at the dangerous crossing at foot of Filbert street. Something along the safety line was supposed to be done after that disastrous accident, but like a good many other things "the stable is never locked until the horse is stolen."

According to all statements sent out for building State Highway, it is noticed that Route 62 leading up river from Curwensville to Lumber City is not listed at all, therefore one must guess at the conclusion that said road has been laid up on the shelf at Curwensville until the year 1925.

when it will likely be taken up and thrashed out as to the road's needfulness.

Did it ever come to your notice, citizens, that there are a number of kids of school age, permitted to run the streets and alleys during school hours? Watch for a day or two and you will be convinced of the truthfulness of this statement.

WOODLAND

A very delightful quilting party was held last Friday at the home of Mrs. Robt. Livergood of Muncie Springs. There were about thirteen ladies present and they had a fine time also a fine dinner.

James Young, of Bennett is ill of pneumonia. His condition is serious owing to his advanced age.

Miss Ruth Spackman, of Clearfield visited on Saturday at the home of her sister, Mrs. Walter Lichtenfelter.

Regis Cleaver and mother of Edgewood near Pittsburgh, were guests on Tuesday at the home of J. N. Palmer. These folks were neighbors of the Palmer family when they lived in the Pittsburgh district years ago.

Mrs. Doyle Shirey and daughter former residents of our town, now of Johnstown were in town this week attending the funeral of the late Mr.

Shirey's mother, Mrs. Ella Jane Shirey.

Hershey Smith, of De Vaux Trading Co., force is in Mohammet this week on business.

Mrs. Maude Peters of Mineral Springs is visiting relatives in Tyrone.

Owing to the deer being a number of autos were stalled in the drifts on the State Road between Woodland and Bigger on Tuesday evening.

The roads leading to Bradford and Pleasant Valley were opened Friday afternoon by means of snow plows.

The Pine Top school went for a sleigh ride to Clearfield on Wednesday afternoon.

First Ballet Dance. The first real "ballet" dance may be said to have been performed in 1882, when the duke of Anjou organized a dance composed of performers representing allegorical and mythological characters.

Going Somewhere. The balance wheel of a watch repairs 15,000 times an hour, which means that it travels about 2,000 miles every 12 hours.

Agar. The only agar manufacturing plant outside of Japan is located at Los Angeles. The agar is a product of seaweed and is much used for medical and other purposes.

OBITUARY

GARRETT G. IRWIN DIES

Word was received here today by local relatives of the death at Baltimore of Garrett G. Irwin, a former well known resident of this community. The deceased was a brother of Mrs. George W. Snyder, of Market street, and a member of one of the pioneer families of this section.

The remains will be brought to Clearfield on the 10 o'clock train Monday morning and will be buried from the train. Interment will be made in Hillcrest cemetery. Rev. Roy Hauser, of St. John's Lutheran Church, will officiate.

Mrs. Jump In. The first is that to do anything in this world worth doing, we must not stand back shivering and thinking of the cold and danger but jump—and scramble through as well as we can—Sydney Smith.

FRANCE WILL PAY 20 P. C. INCREASE IN ALL ITS TAXES

By FRANK E. MASON

E. N. S. Staff Correspondent
Paris, Feb. 23.—After an all night session marked by violent debate the French Chamber of Deputies today adopted the Government's entire fiscal program for tax increases and economies by a vote of 354 to 219. It was a decisive victory for Premier Poincare.

"I was forced to ask for these measures because for four years France has been confronted by Germany's non-payment of reparations," declared Premier Poincare. "If the International Reparations experts are successful in obtaining a solution of the reparations problem it will be the result of France's policy. As one foreign expert said to his French colleagues 'we would not be here if you French were not in the Ruhr. If we obtain concessions from Germany it will be because we occupy territories where Germany's riches are stored.'"

The Chamber did not adjourn until after 7 o'clock.

The measures of the Government's

financial reform program include:

A 20 per cent tax increase; Administration economies totalling one billion francs; increased price of tobacco upon which the government holds a monopoly; and increased railway Telephone and telegraph rates.

The continued decline in the value of the franc, carrying it to the lowest level in history, alarmed the Gov-

ernment and was one of the chief reasons for the reform measure.

Purification Quite Modern. Aristocrats of Alexandria had punctuation to some extent in 200 B. C. There was no system of punctuation, however, until about 1500 A. D. St. Denis Minutius, a learned Vegetarian, noted for the beauty of his style, employed it at this time.

Weddings

SHAFFER-McCLOSKEY

At the Presbyterian manse, Bellwood, at high noon on Wednesday, the 20th, occurred the marriage of Miss Harriett McCloskey, of Curwensville, and Dr. Harry G. Shaffer, of Grampian.

The beautiful bride is the youngest daughter of Mr. and Mrs. Howard McCloskey, of Curwensville, and a recent graduate nurse in Clearfield hospital. The groom is a promising young physician who has located at Grampian.

The impressive Van Dyke ceremony of the Presbyterian Church was used by the former pastor of the bride, the Rev. Samuel Barber, for a number of years pastor of the Presbyterian Church of Curwensville, now of Bellwood.

During the ceremony Miss Elizabeth Barber played softly Lohengrin's "Bridal Chorus," closing triumphantly with Mendelssohn's "Wedding March."

Gram, up will be their future home.

New Sensation
Continued from Page One

house which are under scrutiny of the committee's expert accountants. The lists were said to show that this official dealt extensively in oil and steel stocks.

Committee members hesitated to discuss the report, saying that the names of all officials found dealing in oil stocks connected with the investigation would be made public when the accounts finished their study of the books. The preliminary reports are expected next week.

These first reports probably will be on books of W. B. Hibbs and Company, Washington, and Ungerleider and Company, Cleveland. The accountants will have some startling disclosures in connection with reported wholesale stock deals among Washington officials, it was indicated.

C. Bascom Slemple, secretary of President Coolidge, who has been called to testify next week will be questioned particularly about his trip to Palm Beach in December when he was reported to have had conferences with E. B. McLean, wealthy newspaper publisher, and ex-Secretary of Interior Albert B. Fall.

Slemple vigorously denied he made the trip to see either Fall or McLean. He said he went south for political reasons. Ever since he went to Palm Beach himself to question McLean about the uncashed \$100,000 checks, Senator Walsh has intended to summon Slemple before the inquisitorial body. Walsh also wants to learn whether the presidential secretary has been in conference with any of the committee's witnesses during the past few weeks.

In addition to Slemple the committee has called officials of leading local banks for next week to inquire further into the reports of the million dollar "slush" fund and the two checks for \$100,000 which McLean t stuffed Fall returned uncashed. Referring to the checks, Walsh said, "the general belief is that this transaction never took place. McLean himself will also take the stand." Harry F. Sinclair and E. L. Doherty will be recalled, the former to answer questions in connection with developments

are authorized or permitted under the foregoing Acts of Assembly.

while in Europe, Doherty to tell the committee what became of Fall's signature on the note which the former Secretary of Interior gave in return for a \$100,000 loan. Doherty promised to look for this signature, which he said he took off the note, but has never reported on his search to the committee, it was said. Certain committee members also want to examine him in connection with the letters and interviews he has given out during the last week.

Greatest Masonry.
The famous Washington monument has been called the best piece of masonry in the world. Its interior is 35 feet square, while the outside is 55 feet square. This shows the thickness of the walls. The foundation of the shaft is 30 feet square and it is set in solid rock 10 feet below the surface of the earth. Many nations, as well as cities, and the world's people contributed stones to its construction. Its walls, therefore, contain interesting stories from parts of the world.

MAKE THE EXTRA DAY COUNT
February Has An Extra Day This Year. Cash In On It By Saving Money on **DOLLAR DAY FRIDAY NEXT**

There is only one price that's right for any tire. It is the lowest price at which the quality in that tire can be sold. Take, for example, **GOODYEAR TIRES**. Their cost is even lower than that appears because their quality is the highest and, as **GOODYEAR** dealers in Clearfield, support that quality with standard **GOODYEAR** service.

Revenge Is Sweet

(Continued From Page One.)

and a strong defense to top it off. Clearfield H's cage machine flashed their way to a 49-17 victory over Punxy. High scorers, sending Punxy's title hopes downward while ours went up.

It was the fastest game on the local floor this season. Anybody's game at all times with no lead big enough to be safe yet Clearfield was nearly always leading. Both teams were hitting on all fives but the local team just outshot and out counted the visitors.

It was a hard one for Punxy to lose as it brings them tie with Clearfield while their chances of doing what their rooters said "Grove City be Best" and "Next Stop Grove City" remain in their ability to win out of a triple tie.

Altho going down in defeat the "ground hoppers" showed the best form of any losing team on the home floor this season, their snappy passing being fine and another feature being a glib accurate shooting while last came their good defense. They played a great game.

The visitors divided honors evenly in the offense with "Ben" Friedman with 8 field goals for a 16 point title in the head. Friedman made one in the first two periods then came back and collected 7 to last half, fouls of which followed in rapid succession in about two minutes at the beginning of the 3rd period.

Capt. "Don" Kurtz also displayed fine work, getting 4 field and four goals while he contributed much in every department. "Bill" Harriek proved the visitors' real defensive star, his all around work being first rate.

The Red and Black players displayed real form and thru this victory have one more chance at the title. The Mitchellree squad showed untimely speed while their determination to win counted much. The local passing was at its height, the passing being a feature of their play, accurate shooting was another chapter of the text while their defense worked in fine style at all times. The local team found "Nick" Brown's height a great asset and from time to time passed to him and he filled out the total with two each time.

The H. S. scorers were bouncing scores from all directions with "Nick" Brown taking the lead with 10 field

courtiers and 6 foul scores for a 23 point total, while "Nick" played the game of his life. "Bob" Wilson was next with 6 field goals for a 12 point total, while his contribution to the win was large. "Pete" Barnie came next with 6 points, but they were 6 points of value always coming when needed while "Pete" showed the same old game. With both playing great sentry games and tied for scoring honors Mitchellree and "Ken" Barnie showed equal work and scored 1 point each while they each added to the right and speed of the local machine. All of the local team save that "Nick" Brown is going state because he made only 18 field goals in the last two games.

The game started off with a bang. "Pete" Barnie put Clearfield in the lead with a foul then followed it with two more and made the score 3-0. "Mickey" Hurtman then started the visiting team with a two pointer. Capt. Kurtz did likewise and put his team ahead 4-3. And then with two fouls gave his team a 6-3 lead only to have "Nick" Brown add his first at the end of the first period which ended with the score 6-5. Clearfield came back strong and were soon leading 8-6 on a foul and a field goal by

Nick Brown only to have Punxy double back and on field goals by Friedman and Murray lead 10-8 for about two minutes. Then Bob Wilson came thru and on a field goal tied the score while Pete Barnie untied it with a foul and put Clearfield ahead 11-10 while "Nick" moved it up again with a foul while Kurtz moved his team's total to 11 while Clearfield got four more on Wilson and Browns playing and secured a 16-11 lead at the half-way mark.

Both teams came back strong, sending field counters from all points. "Nick" getting the first only to have "Ben" Friedman do his stuff with four field goals in two minutes and again putting Punxy in the lead. Wilson then came thru, and from then on Clearfield was never behind, leading 28-24 as the third period ended.

The fourth quarter marked still heavier scoring with Clearfield getting the verdict 46-27 as the session ended.

Forests of Maine.

The principal forests of white pine which gave Maine the name of the Tree State, have nearly all disappeared, but the second growth is said to be a large extent. Spruce, fir, and the most extensive. Hemlock, birch, balsam, fir, oak, maple, yellow pine, beech, basswood, ash, and others also are found in Maine.

Scotland Gate Ellsland. The farm of Ellsland, near Dumfries, where Burns wrote "Scots Wha Hae" and "Tam o' Shanter" and many other poems, has been given to the Scottish nation by the terms of the will of the recent owner, a gentleman of Ellsland. The buildings as far as possible are to remain as they were in the time when they were occupied by Robert Burns.

WHY TAKE CHANCES

Don't Neglect a Bruise, Cut or Sore. It Can Easily Become Infected.

and cause you endless trouble. "It is with pleasure that I write you in reference to the wonderful results I received from using San-Cura Ointment on a sore in the palm of my hand of two years standing. After having used all kinds of advertised preparations there as well as several prescriptions with no results, I finally turned to San-Cura Ointment and after a few applications my long standing sore was entirely cured. Cannot say enough in praise of it."—Mrs. R. F. White, 12 Ely St., Rochester, N. Y. San-Cura Ointment and Soap are just as effective for Piles, Eczema, Boils, Ulcers, Chills, and Chapped Hands or face. San-Cura Ointment 50c and 60c. All druggists.

YOUR EYES SHOULD BE GIVEN CARE

One of the first signs of failing eyes is the fact that you can't read at any old distance like you did once. You keep changing the reading matter to the proper focus and then you can read.

Have me fit you with glasses which will overcome the weakness and you'll find that your eyes are as good as ever as far as reading is concerned.

Gossip for Tonight's Tea Table

We are sorry to hear that the father of Dr. W. S. Piper is a patient at the Clearfield hospital. Mrs. Piper is visiting with her son's family so as to be near her husband.

Mr. and Mrs. J. D. Neving are back from New York where the have been visiting their daughter Mrs. Clune and family.

Miss Margaret Petrkin of New York is a welcome visitor at the home of Mr. and Mrs. J. Fred Weaver. Mr. and Mrs. Lynn Stewart have moved to the West Side. They are now occupying the Gulch property on Turnpike avenue.

Mrs. Corles Bell is ill at her home on W. Front street.

Edgar Martin, of Johnstown, stopped over between trains to surprise his cousin J. H. Martin.

The mother of H. S. Lord, of West Pine street, arrived the day after his accident to pay her son and family a visit. She came from Texas and knew nothing of his accident until her arrival here.

John Keenan, of Philadelphia, is visiting G. Warner Johnson this week. Mrs. Alice Simcox is enjoying a visit with relatives at Johnstown at present.

Miss Helen Shaw and Miss Amelia Butler left on Thursday for Mercersburg where they will spend the week end and attend a mid-winter dance.

Miss Esther Carr is paying a visit to her parents Mr. and Mrs. Scott Carr of Maple avenue.

Carl Kolbe, of Mill Road is laid up with rheumatism.

Miss Helen Harley, of S. Fourth street is confined to the house with the grip.

Ralph Sabin, of the Blanchard Mochannon Coal Co. is up from the Coleman's siding to look after their interests.

Mrs. W. S. Bouton is confined to her bed with a severe attack of tonsillitis.

Miss Gladys Cunningham was called to her home in Glen Campbell by the illness of her mother.

Ed. Dutton, John Gearhart and Emory Gearhart snow-shoed to Crystal Springs camp on Thursday.

Mrs. W. S. Piper is entertaining the Duplicate Whist club this afternoon at her home on Second street.

Howard Stewart, the efficient head of the firm of Helmbold & Stewart will spend the week end in Philadelphia. He will be accompanied by George Dunham, Jr.

Mr. and Mrs. Reed R. Ranyon have returned to Philadelphia after having been called here on account of the death of Mrs. Ranyon's mother, Mrs. Shirley.

Mrs. F. G. Betts is hostess today for her Duplicate Whist club at her residence on Old Town Road.

Kenneth Bailey of Rockton, is visiting at the home of Mr. and Mrs. Wm. T. DeHaas.

Miss Sylvia Breth entertained her bridge club on Thursday evening at her home on W. Fifth street. Miss Walsh captured the first prize and Miss Stage the second.

Home Cooking Once More Brings Crowds

The home cooking of the chicken and waffle supper we served the fore part of the week, brought forth peans of praise. We made the largest crowd we have had here for a long time.

Watch for the comeback next week.

The Real Test of a Flooring Comes After Years of Wear

Most any flooring, when it is first laid, looks nice and smooth. But it takes the treading of thousands of feet to bring out the lasting qualities.

CROMAR

READY FINISHED
OAK FLOORING

Here is a flooring which will stand the hard usage of every-day wear and yet in after years you find that it looks as bright, the grain shows as clear, it is as easy to keep clean as the day it was laid.

And the cost is so much less than the hardwood floor of yesteryear. The quantity production at the mills brings CROMAR OAK FLOORING within the reach of everybody. It can be laid over your old floor. It is cheaper than a new rug and will last longer.

Ask us about the service we have during the lull in outdoor building operations.

NUMBER

REPUBLICAN HOUSE IS DIVIDED AGAINST SEN. DAUGHERTY

Just How Far Split Will
Go Depends On Devel-
opments In the Teapot
Dome Inquiry.

IS A BAD SITUATION

By GEORGE R. HOLMES

(I. N. S. Staff Correspondent.)

Washington, Feb. 23.—The vigor-
ous defense put up by Attorney Gen-
eral Harry M. Daugherty and his
advisers, in the face of a split in the
Republican party, has not yet deter-
mined, but which is certain to
make itself felt in the approaching
campaign.

On one side of the split is the
Republican party, who are who are
in the majority in the Senate. On
the other side are the friends of the
attorney general and officers of the
Republican national committee who
believe that for Daugherty to quit at
this time, before the charges against
him are proven, would be a tacit ad-
mission of the truth of those charges,
and constitute a political blunder of
the worst sort.

While Senator Lodge, Senator Pe-
pper, Senator Borah and others, whose
word carries great weight with the
administration have urged President
Coolidge to speak the word necessary
to Daugherty's removal, John T. Ad-
ams, chairman of the Republican na-
tional committee, in a remarkable
statement said:

"This is not the time to yield to the
threats of those who are conducting
this campaign of political terrorism
or to the demands of those who are
frustrated by such methods."

This thinly veiled rebuke of those
Republican senators who journeyed to
the White House to demand the resig-
nation of the attorney general had
the effect today of checkmating in
part at least the Republican move-
ment to oust Daugherty.

Meanwhile, the attorney general's
advisers declared that his resig-
nation would take his case to the coun-
try. The Senate compels his resig-
nation was no idle one. They pre-
dicted that he demands he will pro-
ceed promptly to the task of rattling
Republican skeletons by the whole-
sale.

Measles Getting Jump In The Health League; 'Whoopers' Are Second

NINE CASES of measles, two of scar-
let fever and two whooping cough de-
clared among the children of Clear-
field and were reported to the Board
of Health during the past seven days,
according to Secretary Gaulin's weekly
health report. During the same
period the quarantine was lifted in
the case of measles, four whooping
cough, and two of chicken pox.

There is at present a total of 30
cases of communicable disease under
quarantine in the town and they are
located as follows:

First Ward: Diphtheria, 1.
Second Ward: Scarlet fever, 1;
whooping cough, 3.
Third Ward: Measles, 12; scarlet
fever, 3; whooping cough, 4; diphtheria,
1.

Fourth Ward: Whooping cough, 1.

Worrying

Notice the lines of deep worry on
the features of Harry M. Daugherty,
attorney general, who returned to New
York from Europe. The Senate
Committee investigating naval oil
leakage called him to testify once
more. Photographed on shipboard.

SIGNS POINT TO TRUCE BETWEEN TAX REDUCTION AND BONUS MEN

Washington, Feb. 23. (INS).—
Alarmed over the possibility of strip-
ping the treasury if taxes are reduced
too much, congressional advocates of
a soldiers' bonus today struggled to
join the two measures in a common
interest.

Out of this condition of uncertainty
Republican leader Longworth and other
regular Republicans hope for com-
promise between the regulars and a
sufficient number of insurgents to in-
sure acceptance of a modified Mellon
tax plan. This would permit passage
of a Republican reduction bill.

Rep. La Guardia, insurgent Republi-
can, New York, took the first step to
the movement for a compromise along
new lines. He wrote Secretary Mel-
lon asking for treasury estimates on
yields from 2 and 5 per cent normal
taxes and a 40 per cent maximum sur-
tax. The compromise suggested by
Longworth was 2 and 6 per cent nor-
mal and 37 sur tax maximum. La
Guardia and the other insurgents voted
for the Garner plan of 2 and 4 per
cent normal and 44 per cent sur tax
maximum.

The secretary was asked to state
the exact needs of the treasury and
(Continued From Page Two.)

TROUBLE BREWING BETWEEN RUSSIA AND THE JAPANESE

Shanghai, Feb. 23. (INS).—Re-
ports to Japanese sources here today
declared that the Russian Soviet au-
thorities have ordered all Japanese
merchants in Vladivostok to dispose
of their goods within three days. Con-
fiscation will follow failure to obey
the order, the report stated. There
are 60 Japanese merchants in Vlad-
vostok. Japan is reported from To-
kyo to be arranging drastic measures
if the Soviet order is carried out.

Moscow, Feb. 23. (INS).—A tense
situation has developed between Rus-
sia and Japan over the accusation by
the Soviet government that the Japa-
nese tried to take commercial advan-
tage of the concessions made by Rus-
sia for Japanese earthquake relief, it
was learned today.

Russians have ceased all relief
work in Japan. Immediately after
the Japanese quake and fire Russia
sent several ships from Vladivostok
loaded with food. Russian relief
workers were then stationed in Japan
to conduct organized relief.

NEW SENSATIONS AGAIN PROMISED BY COMMITTEE

Washington, Feb. 23.—C. Bascom
Slomp, secretary to President Coolidge,
was requested today to appear
before the senatorial oil investigating
committee at 10 o'clock next Monday
morning.

By KENNETH CLARK
(I. N. S. Staff Correspondent.)
Washington, Feb. 23.—New sensa-
tions developed in the naval oil leak-
ing scandal today and more were
promised within 48 hours.

Under the leadership of Senator
Walsh, Democrat of Montana, who
has just returned from an out of town
trip, the committee plunged into new
reports and leads in the investigation
with the scope ever widening and
snaring additional men high in public
life.

The latest information before the
committee today was that the name
of another cabinet officer in addition
to Attorney General Daugherty had
been reported on books of broker.

(Continued on Page Six)

MUSIC TO HAVE A PROMINENT PART IN THE SELECTION OF A CANDIDATE AT DEMOCRATIC NATIONAL CONVENTION

New York, Feb. 23. (INS).—New
York City will be the gathering place
of more bands next June than ever in
the city's history. The occasion will
be the Democratic national conven-
tion.

"It will not be a musical festival,"
George F. Mara, in charge of ar-
rangements for the convention, ex-
plained today, "but there will be mu-
sic. Every candidate will have a band
directed to make each particular pros-
pect's own campaign tune the most
popular."

In addition, Mara said, the conven-
tion will support two official bands.
Gov. Al Smith's boosters are al-
ready practicing upon "The Sidewalks
of New York," while William G. Mc-
Adoo's adherents are confident "Mc-
Adoo-Doodle-Do" will be the official
convention tune. Oscar Underwood's
followers look for "The Midnight
Choo-Choo From Alabama" to bring
down the house.

It was not expected, however, that
William Jennings Bryan's band would
attempt "How Dry I Am."

Settling Contested Senate Seat

Ballot counting has started in the contested senatorial elections in
Texas wherein George I. Pettit claims he won over Senator Al Field,
W. E. Robertson of Dallas, supervisor for Pettit; Colonel E. P. Thayer
of Indianapolis, general superintendent of counting; and Bob Mason of
Fort Worth, Tex., supervisor for Mayfield.

Brand New

eral Smedley Butler, new safety
director. They are pretty, eh?

WRIGHT MAKES PREDICTIONS ON COST OF RUNNING HIS DEPARTMENT

Harrisburg, Feb. 23.—Undertaking
not only a construction program
greater than was ever attempted by
an American state, but a program of
maintenance and replacement propor-
tionate in magnitude, the Pennsylvania
Department of Highways antici-
pates it will have a larger number of
people on the payroll during 1924
than during 1923, Secretary Paul D.
Wright said today.

"But," he said, "it is possible the
cost will not be higher than the de-
partment's payroll total for the year
1923. The total payroll for 1923,
eliminating the automobile division—
which has nothing to do with con-
struction and maintenance, was the
smallest since 1919."

The figures for five years, omitting
the automobile division payroll, are as
follows:

1919	\$ 973,625.16
1920	1,632,711.46
1921	1,821,142.45
1922	1,612,641.91
1923	1,580,274.72

From these figures it will be seen
the Highway Department payroll for
1923 was less than for any year since
1919.

"I omit the automobile division,"
continued Mr. Wright, "because that
is entirely separate from the organ-
ization which supervises road con-
struction, road maintenance and re-
placements. The business of that di-
vision has grown by leaps and
bounds."

Mr. Wright gave the following fig-
ures which he said would show not
only the development of the automo-
bile division, but of the increase in
automobile ownership in Pennsylvan-
ia:

Year	Payroll	Regis- trations	Work- ers
1919	\$ 94,765.64	865,507	124
1920	219,975.58	1,135,809	244
1921	230,346.72	1,297,136	215
1922	235,054.32	1,577,923	219
1923	367,268.35	3,086,501	225

Including title registrations.

"During 1924," Mr. Wright said,
"the Highway Department hopes to
build 900 miles of durable thorough-
fares. Its maintenance program is
greater than ever before. Roads are
to be widened, grades reduced, much
new guard rail placed. A more exten-
sive oiling program is contemplated,
and more attention is to be paid the
earth roads remaining on the state
highway system. In every line of en-
deavor it is our idea to surpass the
efforts of previous years. That we
have set ourselves no easy task is evi-
denced by figures showing construc-
tion and maintenance mileage for the
last few years."

(Continued on Page Three.)

Would Allow Pres. And Congressmen To Take Offices 2 Months Earlier

Washington, Feb. 23. (INS).—The
Senate judiciary committee this af-
ternoon recommended passage of a
constitutional amendment changing
the date of presidential inaugurations
and the convening of congresses.

Under its provisions, the President
and Vice President would take office
on the third Monday in January for-
lowing their election, while senators
and representatives would begin their
terms two weeks earlier. This plan
would give the new congress time to
organize before the new President
took office.

In the Courts

The Hunyak, Porlaski and Urlick
families of Hawk Run are now of the
impression that the law is an expen-
sive thing to monkey with. Mrs.
Hunyak had Mr. and Mrs. Joe Por-
laski indicted 41 times for assault
and battery while Mr. Porlaski had
Mrs. Hunyak and her husband haled
before the court a couple of times on
a similar charge.

The eight cases were tried togeth-
er in criminal court yesterday and the
jury very properly found that while
both sides were assaulted and more
or less battered a time or two in the
free for all between the three fam-
ilies engaged, each participant was
deserving of all he or she got, and
maybe some more, and accordingly
returned a verdict of not guilty, di-
recting that the prosecutor should
pay the costs in each case.

The attorneys engaged were Walte-
r Welch for the Hunyaks and A. H.
Woodward for the Porlaskis.

Wesley Hoover, of Clearfield, whose
car ran into and smashed the automo-
bile of William Sles at Altoport, has
been tried for violating the motor
law at a night session of court last
night and found guilty of the charge.
Judge Chase sentenced him to pay
\$15 fine and the costs, amounting to
\$116.

A DuBois man named Sullivan en-
tered a plea of guilty to a violation of
the motor law, as the result of a mix-
up in which he figured on the state
road in Draucker's woods some time
ago and was sentenced by Judge
Chase to pay a fine of \$200 and cost,
and spend ten days in jail.

The case of Beatty Pearson, the
traveling salesman, with headquar-
ters at DuBois, whose car was wrecked
on the state road just outside of
DuBois on the morning of Jan. 1,
1924, was placed on trial this morn-
ing before Judge Chase on the charge
of violating the motor law.

A DuBois young man named Rus-
sell, who was with Pearson, was ser-
iously injured by being thrown thru
the windshield when the car collided
with a tree along the road. The pro-
secution contends that Pearson was
intoxicated when the accident happen-
ed and he is charged with operating
his car in this condition.

District Attorney Arnold and W. C.
Potts are prosecuting Pearson, while
Singleton Bell, Esq., is defending him.

When the jury was sworn in the
Pearson case the remaining jurors
were excused, this being the last case
for the week. The jurors were all
notified to return for next week's
court, at which court the Sorlo and
Nichols' murder cases will be tried.

Trolley Car Plunges Into Pedestrians; One Man Killed, Many Hurt

Stamford, Conn., Feb. 23. (INS).—
One man was killed several probably
injured here today when a crowded
one-man trolley car jumped the track
and plunged into a crowd of persons
hurrying to work along the sidewalk.

Not a passenger on the car was hurt.
The trolley car, carrying shop
hands to the Yale and Towne plant,
apparently slipped a spur switch, slid
across an ice-filled road and plunged
across the sidewalk into a vacant lot
howling pedestrians right and left.

When the accident occurred streams
of people were pouring toward the
plant, and a line of trolleys and mo-
tor vehicles cleared along.

Screams of the injured rose and ve-
hicles fainted and were trampled.

Every available physician was called
and established emergency hospi-
tals about the scene.

Oh Boy!

Fruit plenty may be seen at the

Mother And 3 Children Smothered By Escaping Illuminating Gas Fumes

Water-Vict, N. Y., Feb. 23. (INS).—
A mother and three of her children
were asphyxiated early today and
score of persons were overcome as the
result of a defective illuminating gas
pipe.

The dead:
Mrs. Joseph Prince, 38, and son
John B. Clarence 6, Daniel 8 months
Joseph Prince, the father, and the
five other children are in serious con-
dition.

When THE CAT'S
AWAY THE MICE
WILL PLAY

Philadelphia, Pa., Feb. 23.
(INS).—With Gen. Smedley
Butler, chatting in Chattanooga
"Mice" of the criminal world
played today in the absence of
the "cat." An idea of the game
with which they amuse them-
selves can be gleaned from the
following news on the first

noon newspaper:

"A Kensington grocer is shot
by bandits; bandits gag watch-
man; bandit suspects in motor
caught; robbed by motor band-
its; rob man on own doorstep;
bandits rob hospital orderly of
\$23. And others."

CATTLE OWNERS THIS LOCALITY ARE SLOW IN ACTING

Lawrence Township
Clearfield Owners Are
Behind Other Parts of
County In T. B. Test

SIGN UP AT ONCE

It is surprising indeed that the
cattle owners of this particular lo-
cality are not responding to the call
being made in their behalf by County
Agent Stewart to wup and tubercu-
losis in the herds in and about
Clearfield there are owners of about
forty herds and only a few of them
have signed the consent blank that
asked them to sign, or which can be
had by a call at the Farm Bureau of-
fice.

The Clearfield County Commis-
sioners have made an appropriate
to carry on this work, which act in
line with the modern practice in
parts of the state and the State
Department of Agriculture overseas
work and furnish the material
with which the testing is done.

County Agent Stewart has been
hard at work on this proposition for
several months and for the last
month has been working night and
day to put this progressive idea to
practice in Clearfield county. In
doing he is only following the lead
of other counties which have had the
herd tested one hundred per cent
Jefferson County, for instance, is
wholly free from tuberculosis in its
herds and as a result the cattle of
that county will find a ready sale in
places in the country.

Dairymen and farmers in the
Bois region were quick to take
advantage of this offer to have their
herds tested at state and county ex-
penses and we find on looking at
the lists today that Brady township
farmers have signed up to the extent
of 98 per cent. Sandy is only a few
points behind and Greenwood a few
bell twps. have an excellent record
Lawrence Township and Clearfield
are a long way behind.

Boys township owners have not
almost to a man to get in line for
test. The time is coming when milk
and dairy products will not be bought
from the farmer who cannot show a
certificate of healthy cattle and the
procedure offers an opportunity to
every herd owner to get in line for
the future.

If you have a cow or a herd of
cattle, get in touch with the Farm Bu-
reau at once and sign the consent
blank. It is your opportunity to get
a health certificate for your herd.

MINERS HALL BURNED

Fire, believed to have originated
from a defective heater, resulted in
the miners' hall at Clearfield being
burned to the ground Tuesday morn-
ing about 6 o'clock. The hall was a
two-story frame building located in
the central part of Clearfield. A
room and tobacco shop were in the
first floor and lodge headquarters in
the second floor. The estimated dam-
age is \$4,000.

REVENGE IS SWEET; C. H. S. WALLOPS PUNXSUTAWES IN BASKETBALL TO GET EVEN WITH THEIR OLD GROUNDHOG

(Continued on Page Seven.)

ODDS AND ENDS AND THINGS

By J. D. C.

Women are paying the penalty for their alleged equality of the sexes. One Clearfield county juror at this week's criminal court refused to "take the woman's word for it" in cases where certain sex crimes were charged. Heretofore the woman's word was very generally accepted, right or wrong, and mere man had little chance against their unsupported word. Is the world getting better or does the average juror know women better now than our daddies did? We wonder.

Three Democrats already want to represent the Twenty-third Congressional District at the Democratic national convention at New York City on June 24th. They are Editor John F. Short, of Clearfield; Hon. Robert M. Foster, of State College, Centre county, and ex-Postmaster James G. Post, of Bradford, McKean county.

There are also three candidates who desire to represent the Republicans of the district at the Cleveland convention on June 10th. They are Ella S. Mouton, of Junesville, Clearfield county; James A. Connelly, of Ludlow, McKean county, and Earl G. Jones, of DuBois.

Strange how many of us consider Friday an unlucky day. For Friday has been unaccountably lucky in the history of America. It was on Friday that Christopher Columbus sailed westward into the unknown on his voyage of discovery. He discovered America on Friday and returned safely to Europe on Friday.

St. Augustine, our oldest city, was founded on Friday.

The Pilgrims, aboard the Mayflower, sailed into Province Town harbor on Friday. It was Friday when they made their final landing on Plymouth Rock.

George Washington, father of our country, was born Friday.

Other famous events that happened on Friday. Bunker Hill was seized and fortified. The surrender of Napoleon took place, powerful in inducing France to throw her strength to

the Colonists fighting for American independence. Benedict Arnold's treason was discovered.

Surrender at Yorktown, decisive in the war for independence, took place on Friday.

And it was on Friday that the Declaration of Independence was moved in Congress by John Adams.

And still there are many who consider it unsafe to start on a journey or embark on a new venture on Friday. The superstition that Friday is unlucky probably is of religious origin, in connection with the Crucifixion, according to historians. It has persisted through so many centuries that it still survives despite its being disproved thousands of times.

Superstition outlives granite.

Some of Pennsylvania's leading Democrats, erstwhile strong McAdoo boosters, appear to be getting cold feet over the chances of the so-called "Crown Prince." Oil has been used to settle troubled waves, but not political waves.

A revolutionary soldier named Schneider, buried in the old McClure cemetery in Pike township, is said to have been one of the personages mentioned by Victor Hugo in his "Les Misérables."

ROTARY ANNS EXPECT A GREAT TIME

Following the announcement that March 13th, will be ladies night at the Rotary Club and that Royce Hyde, Albert Bigler and Guernsey Smith are the committee in charge of big time the Rotary Anns had their hopes buoyed up that the local Rotary Club was really going to have another ladies night. Although several ladies nights have been planned there have been a number of obstacles put in the way to prevent them being held.

Now, however, the list is clear and nothing will stop it and a fine time is guaranteed.

Think of Douglas Fairbanks, Rudolph Valentino and Charles Chaplin heading such a program. We're not going to say which is which, or who is who but will go far enough to say that the personnel of the committee guarantees a big turn out of Rotary Anns.

Mrs. C. H. Oberdick of York, who has been visiting her sister, was called home on account of the serious illness of Mr. Oberdick's mother.

Sign Points To

(Continued from Page One)

whether the compromise rates suggested, together with increased inheritance taxes and a gift tax which the insurgents and Democrats expect to write into the bill would bring in sufficient revenues to meet the treasury needs and leave sufficient money to pay a soldiers' bonus as contemplated.

Leaders in the drive for a soldiers' bonus are urging House leaders to push the bonus legislation and let it follow close after the tax reduction bill.

FRESHMAN GIRLS' ENTERTAIN

The Freshman Girls Club gave a

most enjoyable get-together dinner at Jordan's on Wednesday evening, seventeen members attending. The room was beautifully decorated with Washington Birthday decorations.

The guests of honor were Misses Mary Catherine and Regina Malloy, who helped to entertain the club with ukelala music and songs. Pauline Fleck gave a most interesting club prophecy. Miss Sylvia Breth, who is the club chaperon, gave the girls a delightful talk which was both instructive and constructive on "The Future of our Club."

Rebecca Carey filled her place as toastmistress in a very graceful manner.

REMARKABLE RECOVERY OF MRS. SPINK

Gives Lydia E. Pinkham's Vegetable Compound Full Credit

Minn. June, Wis.—"I was under treatment, but nothing seemed to help me, and I was run-down and so weak that I had to remain in bed much of the time and was like an invalid. I had pains in my abdomen and in the female organs, and my stomach bothered me. My husband saw Lydia E. Pinkham's Vegetable Compound advertised, thought it must be good, and brought it home to me and advised me to try it. After taking one bottle I was able to eat, and after six bottles I was doing my own work, which I hadn't been able to do for years. I have a new baby who is doing nicely, and I am still taking the Vegetable Compound and feeling better than I have for four years. The medicine is surely wonderful and a good thing to have in the house."—Mrs. GEORGE SPINK, Minnesota Junction, Wisconsin.

A country-wide canvass of purchasers of Lydia E. Pinkham's Vegetable Compound reports 98 per cent. benefited. For sale by druggists everywhere.

OUR CREED

To tell the truth about our goods; to supply the most of the best for the least; to be accommodating and courteous and fair in every detail of our business intercourse with you; to endeavor in every legitimate way to merit, gain and retain your confidence and serve you well and with promptitude.

Judge us by what we stand for and our manner of fulfilling these obligations.

May we share your patronage?

And Just As Reliable.

H. & C. "HELLO GIRLS" DINE JUNIOR HOSPITAL

TEA A SUCCESS

The H. & C. telephone operators and linemen drove to McPherson's camp last evening where they had a delightful sled ride and thoroughly enjoyable time all around. Miss Mary J. Cooper acted as chaperon.

The tea given yesterday by the Junior Hospital Auxiliary at the home of Mrs. J. L. Irwin proved to be a success in every way. The refreshments were excellent and very daintily served. The decorations in the dining room were yellow spring flowers

while the favors carried out the Washington Birthday idea. They enrolled sixty-five new members. With very little effort they could have doubled their membership. Last April the auxiliary pledged fifteen hundred dollars to the hospital elevator fund and they have already paid twelve hundred dollars of that sum.

Remarkable Island. One of the most remarkable islands in the world is Patmos, where St. John wrote the Book of Revelation. It was always the destination of thousands of pilgrims, and in the old days the rich man who wished to expiate his sins usually did so by building a church. The result is that this tiny island contains the ruins of no fewer than 200 churches.

Rickenbacker

You Can Tell

A Rickenbacker — By The Space Behind It

That was a happy thought—putting on every Rickenbacker car as standard equipment—with all the other things that leave the owner "Nothing Else to Buy"—a drum tire-cover with lettered warning, "4-Wheel Brakes!"

That notice which says, in effect, "the car ahead can stop in Nothing Flat" gives the Rickenbacker owner Right of Way at all times.

If you could look down from an aeroplane upon the moving throng of automobiles during the rush hour—five to six p. m.—you could pick out every Rickenbacker Six easily.

You could do that even if you were so high you could not distinguish its graceful lines.

For, behind each Rickenbacker you would see a generous space.

Driver behind sees the warning—"4-Wheel Brakes"—and he respects it.

It is amusing, by the way, for the Rickenbacker owner to watch thru his Rear Vision Mirror and note the actions of the car behind.

If perchance it comes in from a side street, and as so many foolish drivers do, approaches to within four feet of the car in front of him in dense traffic, before he catches sight of the "4-Wheel Brakes":

You will see him suddenly back off—and stay at a respectful distance.

Often you will see his wife indicating, with lips clearly saying, "Look out, that's a Rickenbacker Six in front—I hope we may have one soon."

Rickenbacker drivers enjoy an immunity from the dread of being bumped from the rear even as they are absolutely safe from front-end collisions.

No other car can stop as quickly as a Rickenbacker Six—that has been proven in the most conclusive tests; no 2-Brake car can stop half as quickly.

It's the front-end accident that you are responsible for. Your Rickenbacker 4-Wheel Brakes take care of that.

And that Warning which every Rickenbacker owner carries on his spare tire always guarantees more space than he needs between him and the next car behind.

Owners of previous Rickenbacker models which had only two brakes—tell many amusing stories about the wide berth other cars give them also. They Own the Road if you believe all they say.

That's because the very name Rickenbacker and the term "4-Wheel Brakes" are synonymous in the minds of motorists.

For all authorities know that Rickenbacker not only pioneered in this greatest improvement since the Self-Starter, but that Rickenbacker still has the best 4-Wheel Brakes—the most perfectly equalized and the simplest to adjust—in the whole world.

"Some Day—You'll Own a Rickenbacker Too."

Sunday School Lesson

REV. P. H. FITZWATER, D.D.,
Pastor of the Evening School, doody
house, 101 Western Avenue (Clergy)

Lesson for February 24

THE PERIOD OF THE JUDGES

LESSON TEXT—Judg. 2:6-19, 21-23.
GOLDEN TEXT—I will love them freely—
Ps. 136.

PRIMARY TOPIC—The Story of a
Man. TOPIC—Gideon and His
Trials. TOPIC—Middled
INTERMEDIATE AND SENIOR TOPIC—
Israel's Failing and Rising Again.
YOUNG PEOPLE AND ADULT TOPIC—
The Loss of Gideon's Idolatry.

1. A Synopsis of the Book of Judges.
This book covers the period from
the conquest of Canaan and the death
of Joshua to the Judgeship of Samson.
The teacher should master the con-
tent of the book in order to teach this
lesson, especially chapters 2-16.
2. The Sin of the People (Judg. 2:6-
15). While Joshua lived, the people in
obedience remained faithful to
God, in obedience to His Word, but
the very next generation went into
idolatry. Their degradation may be
accounted for as follows:

(1) Failure to drive out the Canaan-
ites from their midst. They had
driven the victory over them, but
failed to exterminate them. Their mis-
take tolerance became their undoing.
(2) Their amalgamation with the
Canaanites. Tolerance of the enemy
followed by union there-
after, quick disaster comes in the
train of such union.

(3) Idolatry. Intermarriage with
the heathen was soon followed by the
worship of the heathen's gods. God's
people lose power over the world as
soon as they make alliance with it.

3. God's Judgment for Their Sin
(Judg. 2:14, 15). He delivered them
into the hands of "the spoiler that
spoiled them."

4. The Repentance of the People
(Judg. 3:9). Under the yoke of their
enemies they learned their folly and
cried unto the Lord for deliverance.

5. God's Deliverance at the Hand of
the Judges (Judg. 2:16-19). God heard
their cries and by raising up military
chieftains as Judges he saved them out
of the hands of their enemies. A
repetition of sin, oppression by the
enemies, repentance on the part of the
people and God's deliverance, consti-
tute the story of the book of Judges.

6. The Victory of Gideon's Band
(Judg. 7:1-25).
Gideon was the most outstanding of
the Judges. He came from an ob-
scure and unimportant family (6:15).
Before going forward he wishes to be
doubly sure (6:36-40). When once he
was convinced of duty, he was courage-
ous and enthusiastic. This is char-
acteristic of all truly great men.

7. The Opposing Army (v. 1). Gid-
eon and his army rose early on that
eventful day and they came by the
spring of Harod. Over against them
was the host of the Midianites in bat-
tle array.

8. The Sifting of Gideon's Army
(v. 2-3). At Gideon's call 32,000 men
responded, ready for the struggle. This
was a small army to go against the
Midianite army, 135,000 strong, but
God said this was too many, lest they
be led to boasting and self-confidence.
The real danger was not in their small
army but in their pride. All that were
afraid were allowed to go back, leav-
ing only 10,000. Still this was too
many. When God was through sifting,
only 300 remained.

9. God Gives Encouragement to
Gideon. He bade Gideon go down to
the Midianite camp, where he would
hear something that would cheer his
heart and strengthen his hand. When
he came near he heard a man telling
a dream, which was that of a barley
cake tumbling into the camp and smit-
ing it. He also heard the interpreta-
tion given to the dream which made
Gideon to be that cake.

10. God Gives Victory to Gideon (v.
7:1-25). His attack was unique. The
whole matter was of faith (Heb. 11:32).
Gideon with his 300 men formed into
three columns, each man being pro-
vided with a trumpet and a lamp con-
cealed within a pitcher. Thus armed
they surrounded the camp of the Mid-
ianites. They were all instructed to
keep their eyes upon their leader and
imitate him. At the proper moment
they blew their trumpets and broke
their pitchers, giving opportunity for
the lamps to shine out. This awful
crash of broken pitchers, following the
sound of trumpets, accompanied by
the shout, "The sword of the Lord and
of Gideon," threw the Midianites into a
panic, causing them to fight among
themselves. One hundred and twenty
thousand were thus slain, leaving but
15,000 of that mighty army (Judg.
8:10).

The Test.
When I see a man who does not
think pretty well of himself I always
suspect him of being in the right—
Robert Louis Stevenson.

Dependancy.
"Dependancy is the devil's triumph
in the human mind. God is not the
author of hopelessness"—The Advo-
cate.

Feelings.
Those who would make us feel must
feel themselves.—Churchill.

The Real Thing.
A friend who continues his regard
for you after you have succeeded far
beyond yourself, is the real thing.

CHURCHES

WEST SIDE METHODIST CHURCH

William L. Armstrong, Minister.
Tabernacle Cor. Nichols and Turnpike
9:30 a. m. Bible school. H. L. Shaw,
superintendent.

10:45 a. m. Public worship. The
final communion service for this con-
ference year. Reception of members
at both services of the day.

6:30 p. m. Epworth League devo-
tional.

7:30 p. m. Vesper service with con-
tinuation of the communion. Sermon
theme, "The Highway of Holiness."

ALLEN A. M. E. CHURCH

New and Merrill streets.
Sunday 11 a. m., preaching. 12:30
Class meeting.

Sunday 1 p. m., Sunday school.

Sunday 8 p. m., preaching.

Wednesday 7:30 p. m., prayer meet-
ing.

Thursday 8:00 p. m., Willing Work-
ers Club.

W. E. Gibbons, Pastor.

UNITED BRETHREN CHURCH

Dorcy and Seventh streets.
G. R. Allen, Pastor.

9:45 Sunday school. H. S. Hummel,
superintendent.

11:00 Public worship. Sermon by
the pastor.

2:00 Junior Endeavor.

7:00 Senior Endeavor.

7:45 Evangelistic service. Sermon
by the pastor.

7:30 Wednesday, evangelistic ser-
vice.

Communion, baptism, and reception
of new members both morning and
evening.

Everybody welcome.

TRINITY METHODIST CHURCH

South Second street
Bible school, O. T. Tobias, superin-
tendent, 9:30, with special study of
the Judges, mighty leaders in trou-
blous times. Extra music, with an en-
larging orchestra. Organized Bible
classes for men and women, young
and mature, invited to instruction,
fellowship and goodly study. Stran-
gers welcome.

Public worship 10:45 and 7:30—
morning exposition of selected Scrip-
ture. At night, intensely interesting
exposition of Scriptures, rich in evan-
gelistic appeal.

This Sunday closes the fiscal year
of Trinity Church. All temporal in-
terests to be completed by members
and friends with payments to the
budget of this year and the Centen-
nary. Also subscriptions to other ob-
jects should have attention.

Trinity Church invites to its sev-
eral services and meetings men in par-
ticular, visitors and strangers in the
city. Its sittings are free. Good
music. Trinity's pastor will respond
to calls and needs for his services. To-
morrow turn to Trinity.

CHRISTIAN AND MISSIONARY ALLIANCE

Rev. A. N. Salvie, Pastor.
Saturday evening service at the
Court House steps if weather permits.
Sunday afternoon and evening the
services are held in Susquehanna Col-
lege of Music auditorium on Locust
street.

Bible school at 1:30 p. m.
Preaching at 2:30 and 7:30 p. m.
You are cordially invited to the full
Gospel services.

Curwensville.
Filbert and George streets.
Bible school at 9:45 a. m.
Preaching at 10:45 a. m. by the
pastor. Also services in the evening
at 7:30.

Bible study on Wed. day evening
at 7:30 by the pastor. Bible reading
on Saturday evening by Bro. Wil-
liams. You are cordially invited to
all the services.

ST. ANDREWS CHURCH

Corner Front and Cherry Sts.
7:30 Holy Communion.
9:30 Church school.

10:45 Morning prayer and sermon
7:30 Evening prayer and sermon.
Richard Allen Hatch, Rector.

WE FILL PRESCRIPTIONS

And we fill them with
an accuracy that is just
the thing you want. We
check and re-check so that
no possible error may
creep in.

IRWIN'S DRUG STORE

ST. JOHN'S LUTHERAN

E. Roy Hauser, Pastor.
9:15 Sunday school. Paul A. Dietzel,
superintendent. "Jesus Talks With
Nicodemus."

10:30 Morning worship with sermon
by the pastor. Theme, "How Much
Owest Thou?" There will be an im-
portant congregational meeting at
the close of the morning service.

7:00 Meeting of Prayer League in
Sunday school room.

7:30 Evening worship and sermon.
Theme, "I Belong To God." Special
music by a male chorus.

4:00 Monday catechetical class.
7:00 Monday catechetical class.
7:30 Wednesday evening, "Quiet
Hour." We are expecting something
special at this service that you will
not want to miss. There were 187
present last week. This will be our
last service of the month. Do not
disappoint us.

Miss Dunkle and the choir are
working hard to present something
worth while at each service. You will
enjoy their numbers on Sunday. Be
there.

A cordial invitation is given to
those without a church home, stran-
gers and visitors to worship with us
this Lord's Day.

FIRST BAPTIST CHURCH

Rev. W. L. Cruthers, Pastor.
Sunday school at 10:00. L. G. Darr,
superintendent.

Philathea class study Exodus chap-
ter 20.

Morning service at 11:00 and the
evening service at 7:30. Evangelist
C. E. Boone will speak. Be sure and
come and bring some one with you.

The people's service at 6:30 Bring
your Bible and your "Songs for Ser-
vice."

PRESBYTERIAN CHURCH

10:30 Morning worship, sermon by

OFFICIAL RECORDS ROB MACREADY OF ALTITUDE RECORD

Dayton, O., Feb. 23.—For the sec-
ond time within two months, the
United States yesterday failed to
wrest the world's aviation altitude
record from France.

Lieut. John A. Macready, McCool
field flying ace, and former holder of
the title, aroused hope that the hon-
or would return to America, when he
put his La Poudre into the air.

Macready's actual altitude
was less than 37,000 feet, Macready
must attain a height of 37,855 feet to
have broken the record. A recent
balloon flight had set a new record
of 36,565 feet higher than the old one
before it becomes official.

Macready attributed his failure to-
day to two causes—a breakdown of
his supercharger, the mechanism
which permits his engine to operate
in rarified atmosphere, and to the ex-
treme cold.

Macready attributed his failure to-
day to two causes—a breakdown of
his supercharger, the mechanism
which permits his engine to operate
in rarified atmosphere, and to the ex-
treme cold.

Serve Keystone Ice Cream For Dessert Sunday

When you stop to figure it out Ice Cream is even more
economical than many other things you might serve for
dessert. And there is a food value in KEYSTONE which
will help you in your planning of meals that have a full
food value.

You Can Get Keystone Ice Cream Anywhere

There are so many Ice Cream dealers selling KEY-
STONE that it is hard to find a store where you cannot
get KEYSTONE. And this makes it so handy when you
find that you do not have quite enough to go 'round. You
can slip out to the nearest Ice Cream store and get some
more.

Serve Keystone Ice Cream and You'll Make a Hit as a Menu Maker

GOOD BUSINESS

When a few manufacturing concerns employed "safety men" a number of years ago they were looked upon as foolish and extravagant. Today the safety man is to be found in most big plants, and he has changed from a "decoration" to one of the most valuable department heads on the payroll.

One concern reports that accidents have been reduced 95 per cent in all its plants since the inauguration of safety work in 1906. Another concern states that it is saving about \$140 a year for every employe by means of its safety appliances.

It is the safety man's business to find out where danger lurks, how it can be removed by safety devices and by altering working conditions; then it is his business to see that the needed changes are effected.

The alert traffic officer is a safety manager, and so is the householder who looks to the prevention of accidents in the home.

The humanitarian aspect of the elimination of avoidable accidents is plain to everybody. When in addition such activity is found to be "good business" the work should receive new impetus.

LLOYD GEORGE ON PROHIBITION

Lloyd George, supporting a bill in the British Parliament for local option elections in Wales every three years, takes occasion to say that the British people are now spending \$1,750,000,000 a year too much for liquor.

He adds that prohibition is necessary for Britain if it hopes to compete with America, and that the people of this country are well satisfied with their experiment, despite its minor failures, that they would not return to old conditions.

This is perhaps the best word that American prohibition has heard abroad. Disinterested observation suggests that Lloyd George is right.

The American drink bill was said, in the old days, to be about \$2,000,000,000 a year. Even with all the bootlegging, it is certainly less than half that much now. There is a huge direct saving, which goes into national prosperity. There is a greater indirect benefit, resulting from the increased efficiency and thrift of sober people, which the public is only beginning to appreciate.

A time may come when no nation can hope to compete with its rivals unless it is sober.

ARE THEY CRIMINALS?

Much is made of the disclosures that certain men in public life have bought and sold stocks, particularly oil stocks. If the buying and selling of oil stocks or other securities is incriminating, then we have a lot of criminals right here in Clearfield.

If it can be shown that men in public life bought and sold stock on a basis of knowledge gained by their own official acts while in said stocks, it would most certainly be plain that they were profiting through a misuse of their powers and influences. This has not yet been shown.

A lot of the sensations promised have up to this time been mere promises. The Senate committee may in time find a peg on which to hang its promises. Meanwhile the country earnestly wishes the Senate would get down to its own business and let the President and his legal counsel take care of the alleged oil scandal.

THE SERVANT OF THE COMMUNITY

Progress Editorials for Women

KNOWING YOUR OWN

By FLORENCE DAVIES

If you had a seat in the English parliament could you imagine wishing you were back in Stokes Poges, or Manchester, running a shop or attending to your law practice?

It seems hardly possible. Yet here is the story of a United States Senator who says he'd rather be back in Big Rapids, Michigan than in Washington, D. C. The traveler who has seen Washington must wonder what the town of Big Rapids can be like that it looks more inviting to Woodbridge N. Ferris, United States Senator from Michigan, than all the prestige attached to a seat in the United States Senate. But such, Mr. Ferris says, is the case. He'd rather be back home.

This United States Senatoring isn't what it's cracked up to be.

It takes them too long to get things done, and that gets on the Senator's nerves.

Back in Big Rapids, Mr. Ferris is at the head of a big school where boys and girls, yes, and men and women, are given a chance to make something of their lives. And that evidently looks better to Mr. Ferris than having the right to preside a cabinet officer out to dinner.

The trouble seems to be that Mr. Ferris thinks the Senate wastes too much valuable time, that they are preoccupied with politics. Instead of straight law making and considering the good of the people. But perhaps it is more than that. Perhaps the real fact of the matter is that he misses the Ferris Institute, because that is his job, the work that he has made very much his own and by which he has served thousands.

It is a great thing for a man or woman to know his own job when he finds it. Being a United States senator is a much showier job than running a school in Big Rapids. But to Mr. Ferris, running a school in Big Rapids is a good deal more real, because it's the thing he stands for, the thing that is peculiarly his own. It may not mean more to the man who reads about it in Winnipeg or London or Shanghai, but it evidently means more to Mr. Ferris and the Big Rapids students. That's why the

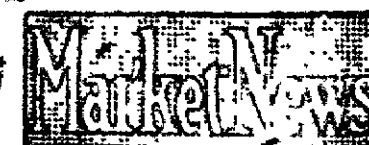

Invert Sugar.

The sugar of fruit is usually an invert mixture of dextrose and levulose and is called invert sugar. It is an easily digestible and forms granular masses in dried fruit. It consists of five parts of levulose and three parts of hydrated dextrose, some of which arises by its inversion during ripening.

Senator misses his school and gets impatient of senatorial dallying.

And Senator Ferris isn't the first man who has discovered that big jobs and big honors may be more empty when you get them than little jobs and home-town honors when they are yours.

Just teaching a Sunday school class or being the head of the Ladies Aid society in your home town may not be much of a job, not half as big a thing to do, for instance, as being the national club president or a singer on the concert stage. But if it's your work and you are needed in it and doing it well, it may be a much bigger thing in the end, than that showy job on the other side of the country where bigness is mostly a matter of empty reputation and newspaper recognition.

New York, Feb. 23. (INS.)—The stock market closed firm today, but generally moving into higher ground during an inactive session. The gains scored were in most cases only fractional.

Steel common rose $\frac{1}{2}$ to 104 $\frac{1}{2}$ but the other steel shares were almost unchanged. Baldwin rose 1 point to 123 and General Electric 2 points to 207 $\frac{1}{2}$. Southern Ry. rose over 1 point to 49 $\frac{1}{2}$, a new high record. Norfolk and Western improved 1 $\frac{1}{2}$ to 108 but the other rails showed only fractional change. Houston Oil and Marland

Cheerfulness an Obligation.
Cheerfulness should not be a matter of mood. It is an obligation which we owe to those about us. And gloom, being an infectious disease, cannot be quarantined too strictly.

Oil featured the ad group with gains of over 1 point.
Government bonds unchanged; rail way and electric bonds steady.

Longmont.
Pace a very pleasant one as it is observed. It is a break up in the winter. It will return and not always after many days.

Meyer Milling Co.

Curwensville's Own Column

The American Legion has secured for the entertainment of Curwensville people for one night only, Royal Wagon Singers, who will give one of their famous concerts on the evening of March 7th.

Mrs. Elizabeth Barbal, an Italian lady died at her residence on Gramplan road on the morning of the 9th, of pneumonia and several other complications. She is survived by two daughters and one son.

Chas. Conrad, drawman and Miss Jean Morris, youngest daughter of the late James Morris, were united in wedlock on the 19th.

Scott Daugherty visited with his parents on dothens a few days the latter part of the week.

Mrs. Wm. Bell was operated on last week at a Philadelphia hospital for the removal of a tumor, passed through the ordeal successfully and will be brought back home shortly.

Unusual entertainment was held in Red Men's rooms last evening, termed a "Warrior's Ball". It was all of that the refreshment which looked after by a succession of ladies and members of the P. O. S. E. S.

Mrs. Betty Murray remembered a few of her lady friends by entertaining them in a Washington party at her home, 1400 of old Patton block last evening.

According to schedule the graduation of the Payton Graded School will consist of a class numbering 35 persons, 15 females and 20 males. Beginning with the date of March 1st an oration each day will be followed by a number of the class until the venue of the 1st is exhausted.

As yet the P. R. E. has made no outside toward putting up some sort of a safety device at the dangerous crossing at foot of Filbert street. Something along the safety line was supposed to be done after that disastrous accident, but like a good many other things "the stable is never locked until the horse is stolen."

According to all statements sent out for building State Highway, it is noticed that Route 62 leading up river from Curwensville to Lumber City is not listed at all, therefore one must guess at the conclusion that said road has been laid up on the shelf at Curwensville until the year 1925.

when it will likely be taken up and thrashed out as to the road's needfulness.

Did it ever come to your notice, citizens, that there are a number of kids of school age, permitted to run the streets and alleys during school hours? Watch for a day or two and you will be convinced of the truthfulness of this statement.

WOODLAND

A very delightful quilting party was held last Friday at the home of Mrs. Robt. Livergood of M. & E. Springs. There were about thirteen ladies present and they had a fine time also a fine dinner.

James Young, of Bennett is ill of pneumonia. His condition is serious owing to his advanced age.

Miss Ruth Spackman, of Clearfield visited on Saturday at the home of her sister, Mrs. Walter Lichtenfelter.

Regis Cleaver and mother of Edgewood near Pittsburgh, were guests on Tuesday at the home of J. N. Palmer. These folks were neighbors of the Palmer family when they lived in the Pittsburgh district years ago.

Mrs. Doyle Shirey and daughter former residents of our town, now of Johnstown were in town this week attending the funeral of the late Mr.

Shirey's mother, Mrs. Ella Jane Shirey.

Hershey Smith, of De Vaux Trading Co., force is in Mohammet this week on business.

Mrs. Maude Peters of Mineral Springs is visiting relatives in Tyrone.

Owing to the deer being a number of autos were stalled in the drifts on the State Road between Woodland and Bigger on Tuesday evening.

The roads leading to Bradford and Pleasant Valley were opened Friday afternoon by means of snow plows.

The Pine Top school went for a sleigh ride to Clearfield on Wednesday afternoon.

First Ballet Dance. The first real "ballet" dance may be said to have been performed in 1882, when the duke of Anjou organized a dance composed of performers representing allegorical and mythological characters.

Going Somewhere. The balance wheel of a watch repaired 15,000 times an hour, which means that it travels about 2,500 miles every 12 hours in a day.

Agar. The only agar manufacturing plant outside of Japan is located at Los Angeles. The agar is a product of seaweed and is much used for medical and other purposes.

OBITUARY

GARRETT G. IRWIN DIES

Word was received here today by local relatives of the death at Baltimore of Garrett G. Irwin, a former well known resident of this community. The deceased was a brother of Mrs. George W. Snyder, of Market street, and a member of one of the pioneer families of this section.

The remains will be brought to Clearfield on the 10 o'clock train Monday morning and will be buried from the train. Interment will be made in Hillcrest cemetery. Rev. Roy Hauser, of St. John's Lutheran Church, will officiate.

Mrs. Jump In. The first is that to do anything in this world worth doing, we must not stand back shivering and thinking of the cold and danger but jump—and scramble through as well as we can—Sydney Smith.

FRANCE WILL PAY 20 P. C. INCREASE IN ALL ITS TAXES

By FRANK E. MASON
N. S. Staff Correspondent
Paris, Feb. 23.—After an all night session marked by violent debate the French Chamber of Deputies today adopted the Government's entire fiscal program for tax increases and economies by a vote of 354 to 219. It was a decisive victory for Premier Poincare.

"I was forced to ask for these measures because for four years France has been confronted by Germany's non-payment of reparations," declared Premier Poincare. "If the International Reparations experts are successful in obtaining a solution of the reparations problem it will be the result of France's policy. As one foreign expert said to his French colleagues 'we would not be here if you French were not in the Ruhr. If we obtain concessions from Germany it will be because we occupy territories where Germany's riches are stored.'"

The Chamber did not adjourn until after 7 o'clock.

The measures of the Government's

financial reform program include:

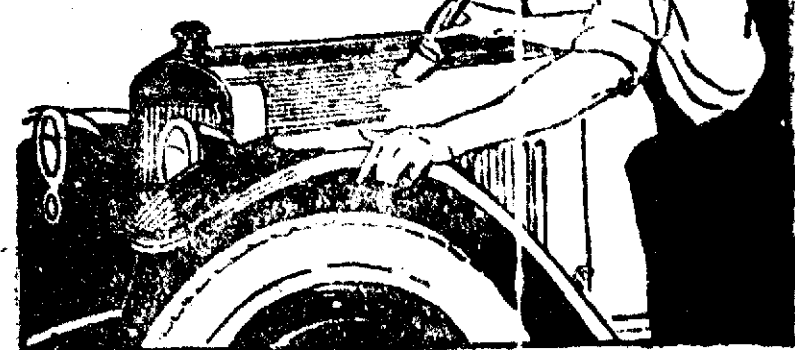

A 20 per cent tax increase; Administration economies totalling one billion francs; increased price of tobacco upon which the government holds a monopoly; and increased railway telephone and telegraph rates.

The continued decline in the value of the franc, carrying it to the lowest level in history, alarmed the Gov-

ernment and was one of the chief reasons for the reform measure.

Purification Quite Modern. Aristocrats of Alexandria had punctuation to some extent in 200 B. C. There was no system of punctuation, however, until about 1500 A. D. St. Denis Minutius, a learned Vegetarian priest, noted for the beauty of his style, employed it at this time.

Weddings

SHAFFER-McCLOSKEY

At the Presbyterian manse, Bellwood, at high noon on Wednesday, the 20th, occurred the marriage of Miss Harriett McCloskey, of Curwensville, and Dr. Harry G. Shaffer, of Grampian.

The beautiful bride is the youngest daughter of Mr. and Mrs. Howard McCloskey, of Curwensville, and a recent graduate nurse in Clearfield hospital. The groom is a promising young physician who has located at Grampian.

The impressive Van Dyke ceremony of the Presbyterian Church was used by the former pastor of the bride, the Rev. Samuel Barber, for a number of years pastor of the Presbyterian Church of Curwensville, now of Bellwood.

During the ceremony Miss Elizabeth Barber played softly Lohengrin's "Bridal Chorus," closing triumphantly with Mendelssohn's "Wedding March."

Gram, up will be their future home.

Committee members also went to examine him in connection with the letters and interviews he has given out during the last week.

New Sensation

Continued from Page One

house which are under scrutiny of the committee's expert accountants. The lists were said to show that this official dealt extensively in oil and steel stocks.

Committee members hesitated to discuss the report, saying that the names of all officials found dealing in oil stocks connected with the investigation would be made public when the accounts finished their study of the books. The preliminary reports are expected next week.

These first reports probably will be on books of W. B. Hibbs and Company, Washington, and Ungerleider and Company, Cleveland. The accountants will have some startling disclosures in connection with reported wholesale stock deals among Washington officials, it was indicated.

C. Bascom Slemple, secretary of President Coolidge, who has been called to testify next week will be questioned particularly about his trip to Palm Beach in December when he was reported to have had conferences with E. B. McLean, wealthy newspaper publisher, and ex-Secretary of Interior Albert B. Fall.

Slemple vigorously denied he made the trip to see either Fall or McLean. He said he went south for political reasons. Ever since he went to Palm Beach himself to question McLean about the uncashed \$100,000 checks, Senator Walsh has intended to summon Slemple before the inquisitorial body. Walsh also wants to learn whether the presidential secretary has been in conference with any of the committee's witnesses during the past few weeks.

In addition to Slemple the committee has called officials of leading local banks for next week to inquire further into the reports of the million dollar "slush" fund and the two checks for \$100,000 which McLean tiffed Fall returned uncashed. Referring to the checks, Walsh said, "the general belief is that this transaction never took place. McLean himself will also take the stand." Harry F. Sinclair and E. L. Doherty will be recalled, the former to answer questions in connection with developments

are authorized or permitted under the foregoing Acts of Assembly.

while in Europe, Doherty to tell the committee what became of Fall's signature on the note which the former Secretary of Interior gave in return for a \$100,000 loan. Doherty promised to look for this signature, which he said he took off the note, but has never reported on his search to the committee, it was said. Certain committee members also want to examine him in connection with the letters and interviews he has given out during the last week.

Greatest Masonry.
The famous Washington monument has been called the best piece of masonry in the world. Its interior is 35 feet square, while the outside is 55 feet square. This shows the thickness of the shaft is 20 feet and it is set in solid rock 6 feet below the surface of the earth. Many nations, as well as cities, and the world's people contributed stones to its construction. Its walls, therefore, contain interesting stories from parts of the world.

MAKE THE EXTRA DAY COUNT
February Has An Extra Day This Year. Cash In On It By Saving Money on **DOLLAR DAY FRIDAY NEXT**

There is only one price that's right for any tire. It is the lowest price at which the quality in that tire can be sold. Take, for example, **GOODYEAR TIRES**. Their cost is even lower than that appears because their quality is the highest and as **GOODYEAR** dealers in Clearfield, support that quality with standard **GOODYEAR** service.

Revenge Is Sweet

(Continued From Page One.)

and a strong defense to top it off. Clearfield H's cage machine flashed their way to a 49-17 victory over Punxy. High scorers, sending Punxy's title hopes downward while ours went up.

It was the fastest game on the local floor this season. Anybody's game at all times with no lead big enough to be safe yet Clearfield was nearly always leading. Both teams were hitting on all fives but the local team just outshot and out counted the visitors.

It was a hard one for Punxy to lose as it brings them tie with Clearfield while their chances of doing what their rooters said "Grove City be Best" and "Next Stop Grove City" remain in their ability to win out of a triple tie.

Altho going down in defeat the "ground hoppers" showed the best form of any losing team on the home floor this season, their snappy passing being fine and another feature being a glib accurate shooting while last came their good defense. They played a great game.

The visitors divided honors evenly in the offense with "Ben" Friedman with 8 field goals for a 16 point title in the head. Friedman made one in the first two periods then came back and collected 7 to last half, fouls of which followed in rapid succession in about two minutes at the beginning of the 3rd period.

Capt. "Don" Kurtz also displayed fine work, getting 4 field and foul goals while he contributed much in every department. "Bill" Harriek proved the visitors' real defensive star, his all around work being first rate.

The Red and Black players displayed real form and thru this victory have one more chance at the title. The Mitchellree squad showed untimely speed while their determination to win counted much. The local passing was at its height, the passing being a feature of their play, accurate shooting was another chapter of the text while their defense worked in fine style at all times. The local team found "Nick" Brown's height a great asset and from time to time passed to him and he filled out the total with two each time.

The H. S. scorers were bouncing scores from all directions with "Nick" Brown taking the lead with 10 field

courters and 6 foul scores for a 23 point total, while "Nick" played the game of his life. "Bob" Wilson was next with 6 field goals for a 12 point total, while his contribution to the win was large. "Pete" Barnie came next with 6 points, but they were 6 points of value always coming when needed while "Pete" showed the same old game. With both playing great sentry games and tied for scoring honors Mitchellree and "Ken" Barnie showed equal work and scored 1 point each while they each added to the right and speed of the local machine. All of the local team save that "Nick" Brown is going state because he made only 18 field goals in the last two games.

The game started off with a bang. "Pete" Barnie put Clearfield in the lead with a foul then followed it with two more and made the score 3-0. "Mickey" Hurtman then started the visiting team with a two pointer. Capt. Kurtz did likewise and put his team ahead 4-3. And then with two fouls gave his team a 6-3 lead only to have "Nick" Brown add his first at the end of the first period which ended with the score 6-5. Clearfield came back strong and were soon leading 8-6 on a foul and a field goal by

Nick Brown only to have Punxy double back and on field goals by Friedman and Murray lead 10-8 for about two minutes. Then Bob Wilson came thru and on a field goal tied the score while Pete Barnie untied it with a foul and put Clearfield ahead 11-10 while "Nick" moved it up again with a foul while Kurtz moved his team's total to 11 while Clearfield got four more on Wilson and Browns playing and secured a 16-11 lead at the half-way mark.

Both teams came back strong, sending field counters from all points. "Nick" getting the first only to have "Ben" Friedman do his stuff with four field goals in two minutes and again putting Punxy in the lead. Wilson then came thru, and from then on Clearfield was never behind, leading 28-24 as the third period ended.

The fourth quarter marked still heavier scoring with Clearfield getting the verdict 46-27 as the session ended.

Forests of Maine.

The principal forests of white pine which gave Maine the name of the Tree State, have nearly all disappeared, but the second growth is said to be a large extent. Spruce, fir, and the most extensive. Hemlock, birch, balsam, fir, oak, maple, yellow pine, beech, basswood, ash, and others also are found in Maine.

Scotland Gets Ellisland.

The farm of Ellisland, near Dumfries, where Burns wrote "Scots Wha Hae" and "Tam o' Shanter" and many other poems, has been given to the Scottish nation by the terms of the will of the recent owner, a gentleman of Edinburgh. The buildings as far as possible are to remain as they were in the time when they were occupied by Robert Burns.

WHY TAKE CHANCES

Don't Neglect a Bruise, Cut or Sore. It Can Easily Become Infected.

and cause you endless trouble. "It is with pleasure that I write you in reference to the wonderful results I received from using San-Cura Ointment on a sore in the palm of my hand of two years standing. After having used all kinds of advertised preparations there as well as several prescriptions with no results, I finally turned to San-Cura Ointment and after a few applications my long standing sore was entirely cured. Cannot say enough in praise of it."—Mrs. R. F. White, 12 Ely St., Rochester, N. Y. San-Cura Ointment and Soap are just as effective for Piles, Eczema, Boils, Ulcers, Chills, and Chapped Hands or face. San-Cura Ointment 50c and 60c. All druggists.

YOUR EYES SHOULD BE GIVEN CARE

One of the first signs of failing eyes is the fact that you can't read at any old distance like you did once. You keep changing the reading matter to the proper focus and then you can read.

Have me fit you with glasses which will overcome the weakness and you'll find that your eyes are as good as ever as far as reading is concerned.

Gossip for Tonight's Tea Table

We are sorry to hear that the father of Dr. W. S. Piper is a patient at the Clearfield hospital. Mrs. Piper is visiting with her son's family so as to be near her husband.

Mr. and Mrs. J. D. Neving are back from New York where the have been visiting their daughter Mrs. Clune and family.

Miss Margaret Petrkin of New York is a welcome visitor at the home of Mr. and Mrs. J. Fred Weaver. Mr. and Mrs. Lynn Stewart have moved to the West Side. They are now occupying the Gulch property on Turnpike avenue.

Mrs. Corles Bell is ill at her home on W. Front street.

Edgar Martin, of Johnstown, stopped over between trains to surprise his cousin J. H. Martin.

The mother of H. S. Lord, of West Pine street, arrived the day after his accident to pay her son and family a visit. She came from Texas and knew nothing of his accident until her arrival here.

John Keenan, of Philadelphia, is visiting G. Warner Johnson this week. Mrs. Alice Simcox is enjoying a visit with relatives at Johnstown.

Miss Helen Shaw and Miss Amelia Butler left on Thursday for Mercersburg where they will spend the week end and attend a mid-winter dance.

Miss Esther Carr is paying a visit to her parents Mr. and Mrs. Scott Carr of Maple avenue.

Carl Kolbe, of Mill Road is laid up with rheumatism.

Miss Helen Harley, of S. Fourth street is confined to the house with the grip.

Ralph Sabin, of the Blanchard Mochannon Coal Co. is up from the Coleman's siding to look after their interests.

Mrs. W. S. Bouton is confined to her bed with a severe attack of tonsillitis.

Miss Gladys Cunningham was called to her home in Glen Campbell by the illness of her mother.

Ed. Dutton, John Gearhart and Emory Gearhart snow-shoed to Crystal Springs camp on Thursday.

Mrs. W. S. Piper is entertaining the Duplicate Whist club this afternoon at her home on Second street.

Howard Stewart, the efficient head of the firm of Helmbold & Stewart will spend the week end in Philadelphia. He will be accompanied by George Dunham, Jr.

Mr. and Mrs. Reed R. Ranyon have returned to Philadelphia after having been called here on account of the death of Mrs. Ranyon's mother, Mrs. Shirley.

Mrs. F. G. Betts is hostess today for her Duplicate Whist club at her residence on Old Town Road.

Kenneth Bailey of Rockton, is visiting at the home of Mr. and Mrs. Wm. T. DeHaas.

Miss Sylvia Breth entertained her bridge club on Thursday evening at her home on W. Fifth street. Miss Walsh captured the first prize and Miss Stage the second.

Home Cooking Once More Brings Crowds

The home cooking of the chicken and waffle supper we served the fore part of the week, brought forth peans of praise. We made the largest crowd we have had here for a long time.

Watch for the comeback next week.

Harlequin Tea Room

The patrons of the Millinery Department of Leitinger Bros. store will be pleased to learn that Miss Anna Minner and Miss Grace Mattox are back for another season. They made lots of friends here last year.

Was Idea of It.

Explaining heredity to his little companion, Bobby said: "It means that if your grandfather dies without any children, your father won't have any and you won't have any."—Boston Transcript.

Box for Fruit.

An average of 10 tons of ice is required for the refrigeration of a carload of fruit in transit between southern California and the Atlantic seaboard.

BOY!

When You Stick Your Grubhook Into a Bag of

THORN'S PEANUTS

Your Taster Knows Something's On The Way. There's such a goodness on the way that your mouth'll water from the time when you get the first mental impulse to dig your hands down.

And it's little wonder when your taster knows that some of our good peanuts that you simply can't keep from picking at them until the next thing your grubhook touches is the bottom of the poke.

The Real Test of a Flooring Comes After Years of Wear

Most any flooring, when it is first laid, looks nice and smooth. But it takes the treading of thousands of feet to bring out the lasting qualities.

CROMAR READY FINISHED OAK FLOORING

Here is a flooring which will stand the hard usage of every-day wear and yet in after years you find that it looks as bright, the grain shows as clear, it is as easy to keep clean as the day it was laid.

And the cost is so much less than the hardwood floor of yesteryear. The quantity production at the mills brings CROMAR OAK FLOORING within the reach of everybody. It can be laid over your old floor. It is cheaper than a new rug and will last longer.

Ask us about the service we have during the lull in outdoor building operations.
